ASK FORFEITURE OF SEIZED BEER TRUCK AND LOAD

The Pennsylvania Liquor Control Board has filed with the clerk of courts here a petition asking the Adams county court to "forfeit and condemn and direct the disposition thereof" of the 1947 Dodge truck, a quantity of beer and other articles seized by state liquor agents from Edward DeH. Stick, 120 Broadway, Hanover.

According to the petition the Stick property was seized by Enforcement Officer F. H. Henry for the Pennsylvania Liquor Control Board on January 11 at the Knights of Columbus home in McSherrytown. Among the articles taken were the truck, two one-half barrels full of Gunther beer, a canvas tarpaulin, 2 empty half barrels, a set of double coils with taps and gauges, two one-half barrels of beer partly full, and a carbonic acid gas bottle.

Alleged Speeder Seeks Appeal
The PLCB claims the property was being used, or was intended to be used, in violation of the acts of assembly relating to the liquor or beer traffic at the time the property was taken.

Also filed with the clerk's office is a petition for allowance of appeal by H. Wayne Cluck, York, on a charge of driving at 68 miles per hour laid before Justice of the Peace W. D. Brown. According to the petition Brown found Cluck guilty and imposed a fine of \$10 and costs. Cluck claims he was not driving faster than 50 miles an hour and that no testimony was presented to show him to be in violation of the speed laws.

A rule on the petition handed down by the court directs the district attorney, Daniel E. Teeter, and the prosecutor to show cause why an appeal should not be allowed and makes the matter returnable March 8.

TO SHOW FILM AT SERVICE HERE

A film, "For All People," will be shown Sunday evening at 7 o'clock in the Methodist church on the Methodist-Presbyterian Sunday Evening Hour. The film, which runs 30 minutes, depicts incidents that took place in the work of All Peoples' church of Los Angeles, and involves peoples of all races.

On Sunday, February 15, the Methodist-Presbyterian hour will unite with the rest of the community for a Brotherhood service at the Methodist church when the Rev. J. Resler Shultz, minister of the First Methodist church of Altoona, will be the speaker.

The program for the Lenten season on the Methodist-Presbyterian hour will be as follows:

February 22, Dr. Paul Scherer, of New York city, will be the speaker. On February 29, the Gettysburg college choir will render a sacred concert. On Sunday evening, March 7, Dr. Lynn Harold Hough, will be the preacher; on March 14, Theodore R. McKeliden, former mayor of Baltimore, will be the speaker; on March 21, the picture, "King of Kings," will be shown.

The services will be held in the Methodist church during March. Each Sunday evening there will be a fifteen minute organ recital by Miss Alma Chambers.

Two Pay \$100 Fines For Killing Deer

John B. Kimple and Clyde H. Kimple, of Fayetteville, R. 1, each paid a \$100 fine Wednesday night to Edward Campbell, Franklin county game protector, on charges of killing a deer out of season. The game protector said the two men were taken into custody Wednesday night and when questioned at the state police headquarters here admitted killing a deer on Tuesday on Newman's mountain, Adams county.

The game protector and police were investigating complaints that evidence had been found that deer had been slaughtered recently when they stopped a car traveling along a mountain road. The Kimples were arrested when deer hair and blood were found in the trunk compartment of their car. Warden Campbell indicated he has learned of the killing of four deer in the Adams county area within the last three days.

POSTPONED SUPPER

The turkey supper scheduled to be served Saturday at St. James Lutheran church by the Maude Miller Bible class has been postponed to February 23 because of the shortage of gas.

DOG WINS HONORS

"Fretty Sally," a beagle hound owned by Leon Altland, Fourth street, took fourth place in a class of 86 in licensed trials at Pottsville, Miss., recently.

Eagles Serve Oyster Supper This Evening

Gettysburg Aerie No. 1562, Fraternal Order of Eagles, will observe the 50th anniversary of the founding of the order with an oyster supper at the Eagles home, Chambersburg street, tonight.

The supper is open to all members in good standing to March 1, and one lady guest. Serving will start at 5:30 o'clock.

COUNTY JUNIOR R.C. VOTES \$150 TO AID CHILDREN

The Adams Co. Junior Red Cross Council Thursday evening, at a meeting at Biglerville, voted \$150 to the National Children's Fund of the American Red Cross. It then discussed methods by which the group could raise money to make additional donations to the children's fund during the year.

Mrs. Elizabeth Pennington, secretary of the Junior Red Cross, reported that \$529.41 had been turned over so far to the county group through the annual Junior Red Cross drive for membership. One hundred per cent enrollment of the school children in the Junior Red Cross was achieved again this year she said. A total of 178 elementary memberships and 32 secondary memberships were secured for the county and membership dues for that amount were paid to the national Junior Red Cross. Each elementary school room is registered as a membership. A high school membership is based on each 100 students or fraction thereof in a school.

Nominating Committee
A nominating committee comprising Ann Guise, Biglerville; Margel Hutter, Gettysburg; and Paul Leas, East Berlin, was appointed to report at the April meeting.

Oscar Spicer, Biglerville, president of the organization, presided at the session for which members of the Biglerville Junior Red Cross council were hosts.

Mrs. Sarah Gideon, teacher sponsor for the East Berlin council, reported the recent election of the following officers for the East Berlin council: Grace Elgin, president; Richard Myers, vice president; Ada Mae Dickey, secretary, and Glenn Miller, treasurer.

Discuss Activities

Reports on Christmas projects of the school councils were presented. Slides depicting various types of work that can be carried out by the Junior Red Cross councils were shown by Miss Ruth Scott, Gettysburg, chairman of the Junior Red Cross committee. Miss Scott also outlined the National Children's fund program and presented printed reports of the work of the fund.

The possibility of holding a dance to raise money was discussed, while East Berlin reported plans to hold a Valentine party to raise funds. At the East Berlin party a local auctioneer will sell box lunches prepared by the girls. The gentleman bidding the highest for a box will receive sufficient lunch for two—and the company of the girl making the box.

About 40 attended Thursday's session. The next meeting will be held April 1.

'SNASU' REPORT ON PA. WEATHER

(By The Associated Press)
Pennsylvania's weather today was to paraphrase a wartime term—SNASU: situation normal, all snowed up.

The first flakes in the state's latest coating of white began falling early this morning with indications the storm would continue throughout the day.

The weatherman predicted that as much as four inches of new snow would be added to the from three to 11 inches that fell in Pennsylvania Wednesday.

Above freezing temperatures yesterday did little to remove the gradually deepening layer of snow in most portions of the state. Highways and city streets were kept open through last night with snow plows adding the new fall to the already impressive snow banks lining transportation arteries.

The week-end forecast bore little indication of change. The weatherman's prediction for tomorrow: snow.

AT CONVENTION

Mervin B. Bishop, Gettysburg R. 2, vice president of the Freedom township school board, and Raymond S. Scott, Gettysburg R. 2, secretary of the board, represented that township at the State School Secretaries and School Directors convention held Wednesday and Thursday at Harrisburg. They attended the sessions Wednesday.

FARMERS WANT MORE CROP AND SOIL PROGRAMS

Additional crops and soils days to be held at various times through the year were asked by a number of county farmers Thursday afternoon at the conclusion of a "Crops and Soils Day" program held by the Adams County Agricultural Extension Association at St. James Lutheran church.

During the afternoon session the farmers heard J. B. R. Dickey, of the state college extension staff, tell of the use of chemical weed killers and ways to handle grains better, heard Elmer Pifer, of the extension staff, speak of soil erosion and ways to prevent it, learned from a number of the farmers present the experience they had in such things as contour and strip farming and use of finishing flues in hay mow, and heard from H. T. Hartman, county agent, that, "There is nothing difficult about strip farming. The Lord put the slopes there and the biggest difficulty is not strip cropping or contour farming, the biggest difficulty is getting the people most concerned—the farmer owning the farm—to do it."

Show Color Films
Strip farming and contour planting seemed to cause the most discussion among the 75 farmers present. Pifer, after outlining the need for strip and contour work to prevent loss of soil, showed color films depicting a number of farms laid out on the contour that not only saves soil "but time and fuel."

Several farmers expressed themselves as well pleased with their farms since the fields have been laid out on the contour, with one pointing out "it takes a little time to get used to it, but then you like it."

Grass and hay offer the farmer the best opportunity to "grow more stuff on his farm and help solve two problems, the high cost of labor and the high cost of feed."

Oscar Spicer, Biglerville, president of the organization, presided at the session for which members of the Biglerville Junior Red Cross council were hosts.

A. L. MCLEAF, 79, DIES THURSDAY

DAVID A. PERRY IS FELLOWSHIP DINNER SPEAKER

"Until men are as willing to live for peace as they are to die for it there can be no hope for lasting peace," David A. Perry, secretary to Governor James H. Duff, declared Thursday night at the fifth annual Fellowship dinner held at the Gettysburg Lutheran theological seminary.

Seventy-one pre-ministerial students from Gettysburg college, Susquehanna university, Wagner college, Staten Island, N. Y., and Carthage college, Carthage, Ill., were special guests of the seminary at the dinner in the seminary refectory.

Perry termed the pre-ministerial students and those in the seminary the most important leaders of the world tomorrow. The world has tried every other way to peace except the way of Jesus Christ, Perry said. He added that the only hope of the world is in the love expressed to God and man in the Christian religion.

Dr. A. R. Wentz, president of the seminary, acted as toastmaster, bringing greetings from the faculty of the seminary. Howard Hinkley, president of the student body brought greetings to the pre-ministerial students.

Responses were made by Donald Gallian, president of the pre-ministerial association of Gettysburg college, and Charles Lady, representing the Susquehanna university students.

The invocation was pronounced by the Rev. Howard McCarney, of Gettysburg college. The benediction was given by Dr. John Aberly, president emeritus of the seminary. Dean W. E. Tilberg represented Gettysburg college at the meeting.

The committee in charge included Franklin Keller, Harry Smyser, Ira Wilson and Kenneth Zimmerman, members of the seminary student body and Dr. Richard Wolf of the seminary faculty.

MAKES 3RD BID FOR CONGRESS

Youthful Gunman Captured In Buchanan Valley Barn After Pine Lodge Holdup

A 16-year-old Phoenixville, Pa., youth who stole a station wagon at Kimberton, Chester county, Pa., early this morning and at 8 o'clock held up the attendant at the Pine Lodge service station near the foot of Mt. Newman on the Lincoln highway three miles west of Cashtown, was caught two hours later hiding in a barn in Buchanan Valley after state police had tracked him through the woods and over the mountain.

At the Gettysburg sub-station of the state police here the youth gave his name as John Joseph Weiss, and said that he had been an inmate of the Glen Mills reformatory.

He admitted the holdup of the gas station and theft of the station wagon, and told state police here that he had also robbed a sporting goods store in Pottstown earlier this week.

Weiss signed a plea of guilty before Justice of the Peace Robert P. Snyder and was remanded to jail without bail.

A certification was forwarded to juvenile court, charging Weiss with armed robbery. The court petition charges him with the theft of \$33.20.

ASK FORFEITURE OF SEIZED BEER TRUCK AND LOAD

The Pennsylvania Liquor Control Board has filed with the clerk of courts here a petition asking the Adams county court to "forfeit and condemn and direct the disposition thereof" of the 1947 Dodge truck, a quantity of beer and other articles seized by state liquor agents from Edward DeH. Stuck, 120 Broadway, Hanover.

According to the petition the Stuck property was seized by Enforcement Officer P. H. Henry for the Pennsylvania Liquor Control Board on January 11 at the Knights of Columbus home in McSherrystown. Among the articles taken were the truck, two one-half barrels full of Gunther beer, a canvas tarpaulin, 2 empty half barrels, a set of double coils with taps and gauges, two one-half barrels of beer partly full, and a carbonic acid gas bottle.

Alleged Speeder Seeks Appeal
The PLCB claims the property was being used, or was intended to be used, in violation of the acts of assembly relating to the liquor or beer traffic at the time the property was taken.

Also filed with the clerk's office is a petition for allowance of appeal by H. Wayne Cluck, York, from a charge of driving at 68 miles per hour laid before Justice of the Peace W. D. Brown. According to the petition Brown found Cluck guilty and imposed a fine of \$10 and costs. Cluck claims he was not driving faster than 50 miles an hour and that no testimony was presented to show him to be in violation of the speed laws.

A rule on the petition handed down by the court directs the district attorney, Daniel E. Teeter, and the prosecutor to show cause why an appeal should not be allowed and makes the matter returnable March 8.

TO SHOW FILM AT SERVICE HERE

Two Pay \$100 Fines For Killing Deer

John B. Kimpie and Clyde H. Kimpie, of Fayetteville, R. 1, each paid a \$100 fine Wednesday night to Edward Campbell, Franklin county game protector, on charges of killing a deer out of season. The game protector said the two men were taken into custody Wednesday night and when questioned at the state police headquarters here admitted killing a deer on Tuesday on Newman's mountain, Adams county.

The game protector and police were investigating complaints that evidence had been found that deer had been slaughtered recently when they stopped a car traveling along a mountain road. The Kimpies were arrested when deer hair and blood were found in the trunk compartment of their car. Warden Campbell indicated he has learned of the killing of four deer in the Adams county area within the last three days.

The Eagles' lodge was formed February 6, 1898, in Seattle, Wash. The local aerie celebrated its 40th anniversary in March, 1947.

COUNTY JUNIOR R.C. VOTES \$150 TO AID CHILDREN

The Adams Co. Junior Red Cross Council Thursday evening, at a meeting at Biglerville, voted \$150 to the National Children's Fund of the American Red Cross. It then discussed methods by which the group could raise money to make additional donations to the Children's fund during the year.

Mrs. Elizabeth Pennington, secretary of the Junior Red Cross, reported that \$529.41 had been turned over so far to the county group through the annual Junior Red Cross drive for membership. One hundred per cent enrollment of the school children in the Junior Red Cross was achieved again this year she said. A total of 176 elementary memberships and 32 secondary memberships were secured for the county and membership dues for that amount were paid to the national Junior Red Cross. Each elementary school room is registered as a membership. A high school membership is based on each 100 students or fraction thereof in a school.

Nominating Committee

A nominating committee comprising Ann Guise, Biglerville; Margel Hutter, Gettysburg, and Paul Leas, East Berlin, was appointed to report at the April meeting.

Oscar Spioer, Biglerville, president of the organization, presided at the session for which members of the Biglerville Junior Red Cross council were hosts.

Mrs. Sarah Gideon, teacher sponsor for the East Berlin council, reported the recent election of the following officers for the East Berlin council: Grace Elgin, president; Richard Myers, vice president; Ada Mae Dickey, secretary, and Glenn Miller, treasurer.

Discuss Activities

Reports on Christmas projects of the school councils were presented. Slides depicting various types of work that can be carried out by the Junior Red Cross councils were shown by Miss Ruth Scott, Gettysburg, chairman of the Junior Red Cross committee. Miss Scott also outlined the National Children's fund program and presented printed reports of the work of the fund.

The possibility of holding a dance to raise money was discussed, while East Berlin reported plans to hold a Valentine party to raise funds. At the East Berlin party a local auctioneer will sell box lunches prepared by the girls. The gentleman bidding the highest for a box will receive sufficient lunch for two—and the company of the girl making the box.

About 40 attended Thursday's session. The next meeting will be held April 1.

'SNASU' REPORT ON PA. WEATHER

(By The Associated Press)
Pennsylvania's weather today was—to paraphrase a wartime term—SNASU: situation normal, all snowed up.

The first flakes in the state's latest coating of white began falling early this morning with indications the storm would continue throughout the day.

The weatherman predicted that as much as four inches of new snow would be added to the from three to 11 inches that fell in Pennsylvania Wednesday.

Above freezing temperatures yesterday did little to remove the gradually deepening layer of snow in most portions of the state. Highways and city streets were kept open through last night with snow plows adding the new fall to the already impressive snow banks lining transportation arteries.

The week-end forecast bore little indication of change. The weatherman's prediction for tomorrow: snow.

AT CONVENTION

Mervin B. Bishop, Gettysburg R. 2, vice president of the Freedom township school board, and Raymond S. Scott, Gettysburg R. 2, secretary of the board, represented that township at the State School Secretaries and School Directors conventions held Wednesday and Thursday at Harrisburg. They attended the sessions Wednesday.

FARMERS WANT MORE CROP AND SOIL PROGRAMS

Additional crops and soils days to be held at various times through the year were asked by a number of county farmers Thursday afternoon at the conclusion of a "Crops and Soils Day" program held by the Adams County Agricultural Extension Association at St. James Lutheran church.

During the afternoon session the farmers heard J. B. R. Dickey, of the state college extension staff, tell of the use of chemical weed killers and ways to handle grains better, heard Elmer Pifer, of the extension staff, speak of soil erosion and ways to prevent it, learned from a number of the farmers present the experience they had in such things as contour and strip farming and use of finishing flues in hay mow, and heard from H. T. Hartman, county agent, that "There is nothing difficult about strip farming. The Lord put the slopes there and the biggest difficulty is not strip cropping or contour farming, the biggest difficulty is getting the people most concerned—the farmer owning the farm—to do it."

Show Color Films

Strip farming and contour planting seemed to cause the most discussion among the 75 farmers present. Pifer, after outlining the need for strip and contour work to prevent loss of soil, showed color films depicting a number of farms laid out on the contour that not only saves soil "but time and fuel."

Several farmers expressed themselves as well pleased with their farms since the fields have been laid out on the contour, with one pointing out "it takes a little time to get used to it, but then you like it."

Grass and hay offer the farmer the best opportunity to "grow more stuff on his farm and help solve two problems, the high cost of labor and the high cost of feed," Dickey told the group. He urged adding grain to the silage, asserting:

DAVID A. PERRY IS FELLOWSHIP DINNER SPEAKER

"Until men are as willing to live for peace as they are to die for it there can be no hope for lasting peace," David A. Perry, secretary to Governor James H. Duff, declared Thursday night at the fifth annual Fellowship dinner held at the Gettysburg Lutheran theological seminary.

Seventy-one pre-ministerial students from Gettysburg college, Susquehanna university, Wagner college, Staten Island, N. Y., and Carthage college, Carthage, Ill., were special guests of the seminary at the dinner in the seminary refectory.

Perry termed the pre-ministerial students and those in the seminary the most important leaders of the world tomorrow. The world has tried every other way to peace except the way of Jesus Christ, Perry said. He added that the only hope of the world is in the love expressed to God and man in the Christian religion.

Dr. A. R. Wentz, president of the seminary, acted as toastmaster, bringing greetings from the faculty of the seminary. Howard Hinkledey, president of the student body brought greetings to the pre-ministerial students.

Responses were made by Donald Gallian, president of the pre-ministerial association of Gettysburg college, and Charles Lady, representing the Susquehanna university students.

The invocation was pronounced by the Rev. Howard McCarny, of Gettysburg college. The benediction was given by Dr. John Aberly, president emeritus of the seminary. Dean W. E. Tilberg represented Gettysburg college at the meeting.

The committee in charge included Franklin Keller, Harry Smyser, Ira Wilson and Kenneth Zimmerman, man of the seminary student body and Dr. Richard Wolf of the seminary faculty.

MAKES 3RD BID FOR CONGRESS

George G. L. Sichelstiel, of York, former banker and employee of the document rooms of Congress, today announced his candidacy for the Democratic nomination for Congress in the 21st Pennsylvania district, which comprises the counties of York, Adams and Franklin.

Mr. Sichelstiel was educated in the York schools and York County Academy, and is a commercial school graduate. He was organizer of the York City and County Bank Clerks' association, and was employed in banking for 18 years. He was also in the insurance business for six years, and was with the federal Housing Bureau in Washington in addition to his work in the documents division. He is now employed by the American Chain and Cable company, York.

Mr. Sichelstiel has sought the Democratic nomination for Congress on two previous occasions, losing two years ago to John W. Brehm, of Gettysburg.

Youthful Gunman Captured In Buchanan Valley Barn After Pine Lodge Holdup

A 16-year-old Phoenixville, Pa., youth who stole a station wagon at Kimberton, Chester county, Pa., early this morning and at 8 o'clock held up the attendant at the Pine Lodge service station near the foot of Mt. Newman on the Lincoln highway three miles west of Cashtown, was caught two hours later hiding in a barn in Buchanan Valley after state police had tracked him through the woods and over the mountain.

At the Gettysburg sub-station of the state police here the youth gave his name as John Joseph Weiss, and said that he had been an inmate of the Glen Mills reformatory.

He admitted the holdup of the gas station and theft of the station wagon, and told state police here that he had also robbed a sporting goods store in Pottstown earlier this week.

Weiss signed a plea of guilty before Justice of the Peace Robert P. Snyder and was remanded to jail without bail.

A certification was forwarded to juvenile court, charging Weiss with armed robbery. The court petition charges him with the theft of \$33.20.

Getaway Car Ditched

The gas station holdup was reported at 8:05 o'clock this morning. Weiss, according to state police, pointed a gun at Denzil Keckley, 36, Orrtanna R. 1, the station attendant, and demanded the money. He took \$65 from the cash register and a money-changing belt containing \$35, Keckley told police.

Leaving the gas station, Weiss, police said, got back in the station wagon and started west on the Lincoln highway. In going up Mt. Newman, his vehicle skidded, and forced the car of Gilbert Hartzell, Orrtanna R. 1, off the road. The station wagon went into the ditch on the south side of the highway.

State Policeman Howard Mackert, who had left the sub-station here a few minutes prior to the holdup, drove by the gas station, and saw the door open. Going up Mt. Newman, he saw the two cars in ditches on opposite sides of the road. Weiss, he said, backed up and attempted to get a new start up the hill, but backed the rear of the station wagon onto a guy wire on a pole.

Policeman Gives Chase

Mackert stopped the police car to investigate, and Weiss jumped out of the station wagon and took to the woods. Mackert instructed Hartzell, the driver of the other car, to call the sub-station for help, and took after Weiss.

The state policeman tracked Weiss through the new-fallen snow in a circuitous route which led up to the top of Mt. Newman, then back to a dirt road and finally to Route 234, which runs from the Lincoln highway through Buchanan Valley.

Responding to Hartzell's alarm, Cpl. Jack Bartlett and Policeman James Walsh rushed to the scene, and Bartlett made contact with Mackert. They were joined by State Policeman Kolo Yemzow, of Chambersburg sub-station, after both Chambersburg and Carlisle had been notified of the holdup and man-hunt by police radio.

Recover Some of Loot

Weiss was cornered in the barn on the Newman estate farm, tenanted by Elmer Baker. He offered no resistance, and was brought back to Gettysburg for questioning.

A box of 38 cartridges which Weiss said he stole in Pottstown, and the money-changing belt, were found in the abandoned station wagon. Police said only \$27 of the \$65 which Heckley reported taken from the cash register was found on Weiss. He told police he threw the gun away in the barn. It was also stolen in the Pottstown sporting goods store, Weiss told police.

The station wagon, police said, was owned by A. C. Roberts, a meat packer, of Kimberton, Pa. Police said the holdup was committed before a report of its theft had been made. It was taken between 3 and 4 a. m. this morning.

13 Officers Join Hunt

Weiss said that he drove through Gettysburg at 6:30 a. m. today, stopping to smoke a cigarette at a gasoline station on Buford avenue. The Pine Lodge gas station, police said, is owned by Odessa Blye, Orrtanna R. 1. Weiss said he stopped there when gas in the station wagon ran low.

Five state policemen from the Gettysburg sub-station took part in the two-hour man-hunt which ended at the Newman barn at 10:10 a. m. They were Cpl. Bartlett and Police Officers Mackert, James Treas, James Walsh and George Ackerson. The latter joined Deputy Sheriff John C. Shearer in the search.

Two police cars and five men from the Chambersburg sub-station as well as a car from the Carlisle sub-station with two men, were also engaged in looking for Weiss.

Police had little difficulty in trailing Weiss through the snow, which Mackert said reached a depth of ten to 12 inches in places.

LOVE BETTER THAN HYPNOSIS SAYS REPORTER

By HAL BOYLE
New York (P)—Husbands with shrewish wives have sometimes toyed with the thought that life's treadmill would be more enjoyable if they could keep their spouses under hypnosis.

Take it from Marshall Babbitt, a professional hypnotist—that is a bad idea. "A man will do better if he appeals to his wife's love," he said.

On the other hand Babbitt—no relation to Sinclair Lewis—sees quite a future for hypnosis in curing people of bad habits, such as speech defects, stage fright, fingernail biting, overeating and excessive smoking.

"We also can alleviate pain and excessive nervousness in dental patients," he observed. "So that they even can have a tooth extracted without taking an ordinary anesthetic."

Most intelligent people can learn to hypnotize themselves, Babbitt said, and added that it was little more difficult than piano playing. In its essentials—that is, proficiency is another matter.

Cures Negro of Hex
"But the last thing I would want to do is teach the average person to neutralize nature's danger signal—pain. He might cure a pain in his side that way some night and die the next day of a ruptured appendix."

Babbitt once flew down to North Carolina and hypnotized a 24-year-old Negro out of the belief that he was dying of a "hex" laid on him by a witch doctor.

"Since then many people have come to me to be cured of hexes," he smiled. "You'd be amazed by the number who believe in the evil eye."

Babbitt, 45, is a former salesman who took up hypnotism as a hobby in his youth. He recently has appeared on television shows. This week he staged a demonstration designed to show that he could hypnotize people who had never seen him with a phonographic recording of his voice. It worked six out of eight times, he said.

Some Don't Respond
Babbitt believes hypnotism is induced by creating hyper-suggestibility and confidence in the hypnotist.

"You don't need to glare at them, wave your hands or indulge in any stage business," he says.

The Swengali tradition dies hard, however, and the question most people still ask him is: "Can you make a man under hypnosis commit a crime or kill himself?"

His answer: "If there is subconscious or conscious resistance there will be no hypnosis. People under hypnosis will not respond to suggestions which they think are against their own good."

"If an improper suggestion is made to them they either force themselves out of hypnosis or merely stay in hypnosis and refuse to obey the suggestion."

Rest Rests Patient
Babbitt said there were few records of crimes involving hypnosis.

"And I've never heard of one that was successful."

What would happen to a person under hypnosis if the hypnotist suddenly died?

"He would pass from hypnosis into sleep and wake up when he was rested."

Can everybody be hypnotized?

"I'd say at least 98 per cent. But one German doctor tried 700 times before he succeeded finally on one difficult patient."

Babbitt doesn't recall whether the patient was a man or a woman.

Congress Prodded On Aid Extension

Washington, Feb. 5 (P)—Secretary of State Marshall prodded Congress Wednesday for action on the European recovery program in the next two months. The nudges were given indirectly at a news conference where he said:

"Unless the aid plan is authorized before April 1, the pipeline of food and material to western Europe will run out." (Europe is getting help now under the emergency program Congress voted last fall.) The result will be to confront the U. S. government with great embarrassment, Marshall said.

Court Agrees About Hubby's Engagement

Baltimore, Feb. 5 (P)—Mrs. Lillian Wnek of Nanticoke, Pa., wondered today how the engagement of her husband and another Nanticoke girl could be announced in the newspapers.

Judge E. Paul Mason wondered, too, and dismissed Frank J. Wnek's suit for divorce.

Wnek, who came here to work in a pea plant, sought the divorce on grounds his wife deserted him after ten years of marriage. Mrs. Wnek countered with a clipping from a Wilkes-Barre, Pa., newspaper last September.

It announced Wnek's engagement.

DISCOVERER OF SECRET PAPERS STILL UNKNOWN

Fort Dix, N. J., Feb. 5 (P)—The Ninth division has been unable to locate the soldier who found the historic Soviet-Nazi world-carving documents.

The soldier may never be found—even to himself, the Fort Dix Post, camp newspaper of the division, said. Officers and men who drove through Germany with the Ninth in the closing days of the war were interviewed by the paper which sought to locate the man who first discovered the documents made public recently.

The camp paper concluded that the individual combat veteran who found the papers may still be with the division, but does not know he found the documents in question.

Written In German
It was routine procedure to find official German papers in those days when the men were driving through Normandy to the Rhine and into the Hartz mountains where the Soviet-Nazi documents were discovered.

All seized documents were in German. Some were coded. All were forwarded to counter intelligence corps. Among officers who found papers were Lt. Leland Osmund of Pemberton, who took part in the capture of a converted medieval castle. He remembered it contained a quantity of papers. The fortress had been used by the Nazis for storage and administrative work.

Osmund said his immediate attention was directed that day to the storerooms. They contained food.

The Post article concluded that one of the men interviewed may have found the documents. If he did, the paper stated, he'll never know it.

Republicans Help Beat Fund Trimming

Washington, Feb. 5 (P)—A dozen Republicans helped House Democrats beat down a GOP-backed move to cut an additional \$200,000 from President Truman's emergency fund for the fiscal year starting July 1.

The fund, part of a miscellaneous agencies appropriation bill, already had been cut from \$1,000,000 to \$700,000 by the House Appropriations committee.

Rep. Rees (R-Kans.) proposed reducing the fund to \$500,000, the amount the President received this year for emergencies.

Twelve Republicans joined 70 Democrats in opposition to the amendment. All 59 votes for the amendment came from Republicans, but the members were not recorded individually.

DEVALERA RULE WILL CONTINUE WITH COALITION

By ROBERT HEWETT
Dublin, Feb. 6 (AP)—Thomas L. Mullins, secretary of the Fianna Fail (government party) said today Prime Minister Eamon De Valera lost his Dail (Parliament) majority by a slim margin in Wednesday's general election.
But Mullins said the prime minister would be able to form a new government with the support of Labor and Independents.
Complete returns from three quarters of Eire's 40 constituencies showed De Valera's Fianna Fail could not hope to obtain the 74 seats needed for a clear majority in the 147-member Dail.
Didn't Want Coalition
However, William Burke, general secretary of the Fine Gael party, De Valera's chief opposition, conceded the prime minister had a "fairly good chance" of extending his unbroken 16 years of rule with the support of the minority groups.
The latest official returns issued by the government information bureau gave the Fianna Fail 53 of the 106 seats thus far determined. The Fianna Fail led the old Dail, dissolved last fall, with 77 of the 138 seats.
During the campaign De Valera said he wanted no part of a coalition government.
To Stick To Policies
"Mr. De Valera still has not thought of a coalition," Mullins said, "he will pursue his long standing independent Fianna Fail policy and I am confident the Independent National Labor members will voluntarily support him in the interests of a strong, stable government."
Sean MacBride's year-old Clann Na Poblachta (Republican party) slipped into fifth place from a tie for fourth on the basis of the new returns. This party forced the general election by taking two by-elections last fall. MacBride had predicted it would win 40 seats. Today it was sure of six.
Gen. Richard Mulcahy's Fine Gael (United Ireland party), main opposition, was second with 21 seats. The normally small labor party stood third with 11.

Winter Snows Are "Boon" To Grain

Harrisburg, Feb. 6 (AP)—The winter snows in Pennsylvania are a "great boon" to grain crops now in the ground, says the state Agriculture department.

"Without the snow covering, the below-zero temperatures that have prevailed recently would have destroyed much winter wheat throughout the state," declared Miles Horst, agriculture secretary.

However, if the snow keeps the plants from receiving direct air and sunshine for too long a period, it may cause some damage Horst added. A quick thaw, followed by sub-zero weather, could also cause a great loss, he said.

Horst said farmers planted 994,000 acres in wheat last fall, an increase of five per cent over the previous year.

California is first among the states in irrigated areas with 24 per cent of the national total.

DARDANELLES NATIONS MOVE TO STOP REDS

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

It would be more than passing strange if pure coincidence accounted for the way Greece, Turkey and Iran (Persia) are sticking out their chests simultaneously to Russia, with apparent encouragement from the U.S.A.

These are three areas which Russia seeks to dominate in order to make herself a Mediterranean power and give her control of the Middle East—a matter of moment to both Britain and America. Moscow's ambition is a treasure chest which could best be opened with this trio of keys.

First the Soviet Union wants control of the Dardanelles Strait (now under Turkey) to give her access to the Mediterranean from the landlocked Black Sea. From the military standpoint the Dardanelles is one of the most important strategic waterways in the world.

Greece fits into the picture mainly because she guards the flank of the Dardanelles, although there also are political considerations. Iran, which adjoins Russia, not only is possessed of rich oil fields but gives access to the Persian Gulf and is a mighty buttress on the Oriental side of the Middle East.

What has happened in the past couple of days, is this:

Turkish Foreign Minister Necmeddin Sadak has declared that his country intends to stand firm against all Russian demands. He also has spoken of Turkey's "ever increasing friendly relations with England and the feeling of gratitude in Turkey for the American aid program." At the same time it became known that Turkey had recalled her ambassador from Moscow in retaliation for Russia's withdrawal of the Soviet envoy to Turkey, though this action doesn't mean a break of diplomatic relations.

Over in Greece it was reliably stated that Greek airfields were being strengthened with anti-aircraft guns and searchlights, and America was said to have delivered a number of reconnaissance planes to bolster the Greek air force. This, of course, is to aid Greece in her fight against Communist-led guerrillas seeking to establish a Soviet Greek state in the north, close to Bulgaria, Yugoslavia and Albania—which the Athens government charges are aiding the Red rebellion.

No "Rough Stuff"

In Tehran Premier Ibrahim Hakimi Al Molk has rejected a Soviet protest about American activities in Iran as "absolutely baseless and void of truth." The Russians had charged that the actions of a U. S. military mission in Iran constituted a threat to the Soviet border—a charge which U. S. Ambassador George V. Allen characterized as "an improper interference in the internal affairs of Iran." Furthermore, the Tehran government has accused Russia of giving refuge to Iranian rebels.

In short, it's clear that these three countries still are determined not to let Russia "get away" with what they regard as "rough stuff." And of course all this is tremendously important when we consider that control of the Mediterranean is involved.

BRIDE SLAIN AT YORK THURSDAY

York, Pa., Feb. 6 (AP)—A 19-year-old bride of two months was shot and killed here late yesterday. Her young husband attempted suicide in jail shortly afterwards, Coroner Lester J. Sell reported.

Assistant District Attorney Jesse L. Crabbs said Mrs. Ivory Dugan, who came here from Chatham, Va., just three months ago, was fatally shot in the chest with a bullet from a .22 calibre rifle.

He added Henry Dugan, 22, was arrested shortly after the shooting at the home of the unemployed widow's sister, Mrs. Margaret Altland, whom the York couple was visiting. Coroner Lester Sell reported Dugan attempted to hang himself in jail with a rope made of torn strips of a shirt. Prison attaches prevented the act and maintained a heavy guard.

Police attempted to question the husband last night, Crabbs said, however, "the boy was too broken up to say anything."

Further questioning was planned later to determine what Crabbs termed "the gravity of the incident."

An unusually large attendance marked the meeting of the Biglerville Parent-Teachers' association Thursday evening at the school auditorium with the president, Harry Geiselman, presiding. The minutes of the previous meeting were read by the secretary, Mrs. Cyrus G. Bucher.

Special music was presented by the pupils of the fourth, fifth and sixth grades under the direction of Miss Dorothy Sternat following which all children in attendance were entertained by moving pictures in the high school building. Frank N. Hewetson, chairman of the program committee, introduced Judge Sheely, who talked on "The Relationship of the PTA to the School." His talk was followed by an open discussion.

Mrs. Earl Dumlup, Mrs. Joseph Boyer, Mrs. Roy Gettler and Mrs. Ralph Stoner were appointed members of a committee to visit grade schools during the coming month. Mrs. Warren K. Enck and Mrs. Robert Heller were named to a committee to visit the high school.

It was announced that the program for the next meeting will be in charge of Clair B. Grim, Dr. O. D. Cogle and Robert Burkhardt. Refreshments were served following the meeting under the direction of Mrs. Mary Auvil Diehl, head of the home economics department.

All members of the Sunday school and congregation of Christ Lutheran church, Aspers, are invited to attend both services at Bethlehem Lutheran church, Bendersville, Sunday morning. There will be no services at Christ Lutheran church.

The class of St. Paul's Lutheran Sunday school, Biglerville, taught by Lawson Wright, will hold its monthly meeting next Monday evening at 7:45 o'clock at the church. All members are urged to be present.

The Ever Faithful Sunday school class of the Heidersburg United Brethren church will hold its monthly meeting Monday evening at the home of Miss Burnetta Noel in Biglerville.

The Good Samaritan class of Trinity Lutheran Sunday school, Arendtsville, held its February meeting Wednesday evening at the home of Mrs. Ernest D. Bushman with Mrs. Walter Frederick and Mrs. Emory Orner as the associate hostesses. The program, which had

been arranged by Mrs. Lloyd W. Garretson, was in the form of a questionnaire on the topic "The Organization of the Church" with the Rev. George H. Berkheimer answering the questions.

Mrs. Robert Elcholtz reported that Mr. Noss, of York, will show pictures at the school house Friday evening, March 5.

A regular meeting of the Biglerville hose and truck company was held Thursday evening at the fire house in the form of a smoker.

During the business session a fog nozzle was purchased and also a five horse-power siren which will be installed in the near future.

Mrs. Ralph Shetter entertained a group of women Wednesday evening at her home in Biglerville while their husbands were attending the annual men's mass meeting at St. Paul's Lutheran church.

Mr. and Mrs. Paul Hartman, Arendtsville, visited Mr. Hartman's father, Harvey Hartman, a patient at the Harrisburg hospital Thursday. They also visited Myron Knous, Arendtsville, a patient at the same hospital, who underwent a second operation on Thursday.

Dale Wagner, Biglerville, left last week to spend some time in Texas.

EX-NAZI HANGS SELF IN PRISON

Paris, Feb. 6 (AP)—A war ministry spokesman announced today that Gen. Otto Von Stuelpnagel, wartime commander of German troops in occupied France, hanged himself this morning in Cherche-Midi prison.

Stuelpnagel, a 60-year-old bachelor, was under indictment on charges of "crimes against international law," including the execution of hostages.

A spokesman for the Army court which was to try him said he would have gone on trial early this summer. Brig Gen. Jean Le Gorguillier, who had been preparing the case against Stuelpnagel, said he was to have questioned the German general this afternoon.

Stuelpnagel's cousin Heinrich, who replaced him here in 1942, was executed in Germany in 1944 for participating in the Munich bomb plot against Adolf Hitler.

His defense counsel, Marcel Herault, said: "I saw him a few days ago and he seemed depressed. I tried to convince him that his case was not so desperate as he thought."

Stuelpnagel was the second wartime German army officer to take his own life in two days while facing war-crimes charges. Gen. Johannes Blaskowitz jumped to his death yesterday from a prison catwalk in Nuremberg, Germany. He was about to go on trial before an American court.

COLLEGE FIVE, MATMEN AWAY THIS SATURDAY

Four Gettysburg college athletic teams will be in action on Saturday in foreign gymnasiums.

Coach "Hen" Bream will take his Bullet cagers to Lancaster to battle Franklin and Marshall.

The Bullets scored a 78-53 victory over the Diplomats here on January 12 and are hoping to repeat that victory although anticipating keener opposition at Lancaster. Coach Bream's lads have won six while losing five.

In the preliminary affair the Bullet freshmen will go after their sixth win in seven starts at the expense of the F. and M. yearlings.

Clyde Cole's wrestling team will tangle with the University of Delaware in a double bill at Newark, Del. The freshman team will oppose the Delaware frosh in the opening match of a three-match schedule for the Bullets.

The local matmen have won four matches while losing only to powerful Navy. The next home engagement for the Cole-men will be with unbeaten Muhlenberg on Saturday afternoon, February 14.

Waynesboro Junior High Here Tonight

The Gettysburg Junior high cagers will meet Waynesboro Junior high on the high school floor this evening.

Coach Don Ulrich's varsity upset Waynesboro on the latter's court January 23 by a 22-13 score and hope to repeat that triumph. The locals have a record of four wins against two reverses.

At 7 o'clock Coach Dick Folkenroth's reserves will meet the Waynesboro reserves. The scrubs lost at Waynesboro 28-21.

SPRING TRAINING PLANS COMPLETE

New York, Feb. 6 (AP)—Complete plans for the 1948 spring training season of the major leagues disclosed that the boys will be just as busy as ever despite their late start.

Although the conditioning period does not start until March 1, two weeks later than it has been for many years, the majors will engage in 358 exhibition games, only six less than last year. The record of 383 games was set in 1946.

Except for the Brooklyn Dodgers, who will spend the first month of their conditioning period in the Dominican Republic, all clubs will train on United States soil.

Four clubs have shifted their training locale for 1948. The St. Louis Browns and Pittsburgh Pirates have forsaken Florida for the West Coast. The Browns have gone from Miami, to San Bernardino, Calif. The Pirates have shifted from Miami Beach to Hollywood, Calif.

The Phils and Athletics will have their training base in Florida, making nine clubs in all which will train in the Peninsula State.

Philadelphia, Feb. 6 (AP)—Monk Mosley, University of Alabama back from Blytheville, Ark., has signed to play football with the Philadelphia Eagles.

Mosley, rated as a better than average runner and a good kicker by Coach Earle (Greasy) Neale, sent in his signed contract yesterday. He'll report at the Eagles' Saratoga Lake, N. Y., training camp in August.

Philadelphia, Feb. 6 (AP)—Lightweight Champion Ike Williams may enter the ring here Monday night outwitted by Livio Minelli, Italian welterweight, Minelli, winner in his last 12 fights in the United States, weighed 148 pounds yesterday at a preliminary examination, while Williams tipped the scales at 138.

Miami Beach, Fla., Feb. 6 (AP)—Babe Ruth is 56 years old today, but won't celebrate until tomorrow. The home run king, recuperating at a hotel cottage here, will be honored guest at a small party tomorrow night. Ruth, accompanied by Mrs. Ruth and a male nurse, arrived by train from New York Wednesday. He spent yesterday resting from the trip and by taking an automobile ride along the ocean front.

Coins were in use both in the east and the west, as early as the eighth century B. C.

U.S. COMEBACK IN OLYMPICS GETS IMPETUS

St. Moritz, Switzerland, Feb. 6 (AP)—Rhythmic Barbara Ann Scott, Canada's Darling of the Ice, won the Women's Figure Skating championship in the fifth winter Olympics today—giving the Western Hemisphere a sweep of skating titles that have been the exclusive property of Europe.

By TED SMITS

St. Moritz, Switzerland, Feb. 6 (AP)—America's spectacular comeback in the fifth winter Olympics received fresh impetus today when her daring four-man bobsledders put in strong title bids in preliminary heats.

Before a water main burst, flooding the track and cancelling the day's activities on the treacherous ice chutes, the United States' sled piloted by Francis Tyler of Lake Placid, N. Y., made two of the fastest runs of the competition.

Tyler's team streaked down the 1,610-meter (one mile, 35 feet) channel in one minute, 17.1 seconds on the first run and 1:17.4 on the second.

To Finish Saturday

The famous time was bettered only by the Switzerland bobs piloted by the famous Fritz Feierabend, whose time was 1:16.9.

Four heats are run to decide the championship. They will be concluded tomorrow.

In the unofficial hockey tournament, the United States' team, virtually out of the running, defeated Austria, 13-2, while Switzerland moved into the lead with its sixth straight triumph.

The Swiss conquered Poland, 14 to 0, while their unbeaten rivals, Canada and Czechoslovakia, played a dogged scoreless tie. In the other round robin clash, Sweden defeated Great Britain, 4-3.

Swiss Leading

Meanwhile, the Star Spangled Banner rang out for the first time in victory over Olympic stadium today as Gretchen Fraser of Vancouver, Wash., received her gold medal for winning the women's slalom ski race.

America's other champion, 18-year-old figure skater Dick Button of Englewood, N. J., will be presented his gold award tomorrow. He captured the men's figure skating crown with the most overwhelming score ever made.

Yesterday's victories raised the United States from seventh to third in the unofficial team standings with 52 1/2 points. Switzerland had 69 and Sweden 62 through Thursday's contests.

Bullet Wounds Are Fatal To Officer

Manila, Feb. 6 (AP)—Capt. Harold A. Gibbs, Jr., 34, of 262 Third Street, New Cumberland, Pa., died yesterday of bullet wounds suffered in a holdup Jan. 25, the army announced today.

His wife, Pauline, and their two small daughters were flown by the army earlier this week to be at his side. Gibbs, an ordnance officer, was a native of Trenton, N. J.

The shooting caused the army to ask military and civilian personnel to travel in convoys of at least three vehicles.

No arrests in the Gibbs case have been made.

Persistent Mother Saves Three Kids

Philadelphia, Feb. 6 (AP)—Mrs. Josephine Johnson, 27, got her four-year-old twins, Patricia and Joanne, and her two-year-old son, John, out of their blazing home—but it took a bit of doing.

When Mrs. Johnson discovered a fire in the cellar yesterday, she shouted to the children to run to the street. After telephoning firemen, Mrs. Johnson discovered the youngsters hadn't followed her instructions.

She found all three hiding under a bed on the second floor. Mrs. Johnson got Joanne and John to the street but Patricia broke away and ran upstairs to hide under the bed again. A second trip brought the little girl to safety before flames

Walcott Exhibition Bout Is Delayed

Chicago, Feb. 6 (AP)—The scheduled four-round boxing exhibition which was to have featured Jersey Joe Walcott next Thursday in the Chicago Coliseum has been postponed indefinitely because the Illinois State Athletic Commission refused to sanction his proposed opponent.

The commission yesterday turned down Lonnie Clark of Philadelphia, and Promoter Harry Mendel left for Camden, N. J., to confer with Walcott about meeting a "name" fighter.

The heavyweight title contender was to have appeared in the same ring in which Heavyweight Champion Joe Louis whipped Bob Foxworth, East St. Louis, Ill., last week in a no-decision exhibition which drew \$36,000.

Locke Favored In \$10,000 Texas Open

San Antonio, Texas, Feb. 6 (AP)—Golf's money men slashed at Brackenridge Park's soggy three miles today in the opening round of the \$10,000 Texas Open. Not even rain and cold gave par a breathing spell.

Bobby Locke and his mighty putter got the favorite's call, but the field was bulky and brilliant and the short course enhanced the chances of the lesser lights in the 72-hole scramble.

Locke was among the almost two score players who cracked par 71 before yesterday in a mass assault by a bulging field in the annual promateur. The methodical man from South Africa clipped in with a 69.

Eighteen holes today and a like number tomorrow will cut the field to 60 low scorers and ties for the final 36 Sunday.

700 Million Fish Released In 1947

Harrisburg, Feb. 6 (AP)—Nearly 700 million fish were released in Pennsylvania streams during 1947, the state fish commission reported.

C. A. French, state fish commissioner, said it was "the greatest year in history" for fish stocking. The fish were produced in state hatcheries.

"Most states speak only in numbers of fish and never mention pounds," French stated, "but last year we stocked 2,075,522 legal trout ranging in size from seven inches to as long as 20 inches and weighing more than 305 tons."

Other fish stocked included 271,000 catfish, 2,954,590 fingerling trout, 620,000 black bass from one to 12 inches long, 108,000 carp, 269,000 bream, 193,000 yellow perch, and 2,200 pike perch.

The Mackenzie River is 2,325 feet long.

ONE-MINUTE SPORTS PAGE

Busiest guy doing nothing around town the past few days has been Pacific Coast League Prexy Pants Rowland. Besides conferring with various major league bigwigs, Pants was seen in a huddle with publicist Buek O'Neill, former president of the baseball writers association. Could that mean the coast league is starting a publicity campaign to back its bid for major status?

The Cleveland Browns musical majorities are currently playing the pro basketball circuit in the Midwest.

Former heavyweight Add Warren, one of Gene Tunney's sparring partners at speculator back in 1928, is campaigning for more pay for school teachers.

Warren, now a teacher and coach of all sports at a rural school in North Carolina, figures he and his colleagues have enough to do without dodging bill collectors.

But at least, they seldom get their teeth bashed in—if they're smart enough to pass all the big boys.

HARD WORDS

Ray Dumont, president and gag man of the National Baseball Congress cooked up a stunt for his speech at the sporting goods dealers convention here the other day by planting a small army of stooges in the audience.

Every few minutes a fake wire would arrive ordering large numbers of the Congress year book or a guy would gallop up to get Ray's autograph.

Finally one of the stooges presented Dumont a huge trophy saying: "This is presented for your great promotional ability. Softball has really benefited."

All Ray needed was his patented home plate duster to blow him right out of the joint.

Sports Roundup

New York, Feb. 6 (AP)—Although Mr. and Mrs. Edward Moore's Relic, winner of two good races in Florida so far this season, looks like one of the year's outstanding three-year-old race horses, Samuel D. Riddle won't concede that the colt it tops.

Riddle, owner of Relic's sire, War Relic, insists that his own colt, Faraway, is the best of War Relic's first crop of offspring.

Ted Atkinson, who rode Relic to an easy triumph in the Bahamas handicap Wednesday, has a simple explanation of success at Hialeah: "fast horses and a hard-working agent."

Jack Sharkey, former heavyweight champ, and Ted Williams, the heavyweight hitter, have become buddies because of their common interest in fishing.

Sharkey, incidentally, is boosting middleweight Pete Mead as a corner "who has everything."

Four Gettysburg college athletic teams will be in action on Saturday in foreign gymnasiums.

Coach "Hen" Bream will take his Bullet cagers to Lancaster to battle Franklin and Marshall.

The Bullets scored a 78-53 victory over the Diplomats here on January 12 and are hoping to repeat that victory although anticipating keener opposition at Lancaster. Coach Bream's lads have won six while losing five.

In the preliminary affair the Bullet freshmen will go after their sixth win in seven starts at the expense of the F. and M. yearlings.

Clyde Cole's wrestling team will tangle with the University of Delaware in a double bill at Newark, Del. The freshman team will oppose the Delaware frosh in the opening match of a three-match schedule for the Bullets.

The local matmen have won four matches while losing only to powerful Navy. The next home engagement for the Cole-men will be with unbeaten Muhlenberg on Saturday afternoon, February 14.

Waynesboro Junior High Here Tonight

The Gettysburg junior high cagers will meet Waynesboro junior high on the high school floor this evening.

Coach Don Ulrich's varsity upset Waynesboro on the latter's court January 23 by a 22-13 score and hope to repeat that triumph. The locals have a record of four wins against two reverses.

At 7 o'clock Coach Dick Folkenrodt's reserves will meet the Waynesboro reserves. The scrubs lost at Waynesboro 28-21.

SPRING TRAINING PLANS COMPLETE

New York, Feb. 6 (AP)—Complete plans for the 1948 spring training season of the major leagues disclose that the boys will be just as busy as ever despite their late start.

Although the conditioning period does not start until March 1, two weeks later than it has been for many years, the majors will engage in 358 exhibition games, only six less than last year. The record of 383 games was set in 1946.

Except for the Brooklyn Dodgers, who will spend the first month of their conditioning period in the Dominican Republic, all clubs will train on United States' soil.

Four clubs have shifted their training locale for 1948. The St. Louis Browns and Pittsburgh Pirates have forsaken Florida for the West Coast. The Browns have gone from Miami, Fla., to San Bernardino, Calif. The Pirates have shifted from Miami Beach to Hollywood, Calif.

The Phils and Athletics will have their training base in Florida, making nine clubs in all which will train in the Peninsula State.

Bigler Jr. High Downs East Berlin

Dan Bushman's five field goals in the last period sparked the Bigler-juniors high cagers to a 23-18 victory over East Berlin junior high Thursday on the Arendtsville floor.

East Berlin led throughout the first three periods. Bushman, with 17, and Mummert, with 10 points, were top scorers for their respective teams.

Philadelphia, Feb. 6 (AP)—Monk Mosley, University of Alabama back from Blytheville, Ark., has signed to play football with the Philadelphia Eagles.

Mosley, rated as a better than average runner and a good kicker by Coach Earle (Greasy) Neale, sent in his signed contract yesterday. He'll report at the Eagles' Saranac Lake, N. Y., training camp in August.

Philadelphia, Feb. 6 (AP)—Lightweight Champion Ike Williams may enter the ring here Monday night outwitted by Livio Minelli, Italian welterweight, Minelli, winner in his last 12 fights in the United States, weighed 148 pounds yesterday at a preliminary examination, while Williams tipped the scales at 138.

Miami Beach, Fla., Feb. 6 (AP)—Babe Ruth is 56 years old today, but won't celebrate until tomorrow. The home run king, recuperating at a hotel cottage here, will be honored guest at a small party tomorrow night. Ruth, accompanied by Mrs. Ruth and a male nurse, arrived by train from New York Wednesday. He spent yesterday resting from the trip and by taking an automobile ride along the ocean front.

U.S. COMEBACK IN OLYMPICS GETS IMPETUS

St. Moritz, Switzerland, Feb. 6 (AP)—Rhythmic Barbara Ann Scott, Canada's Darling of the Ice, won the Women's Figure Skating championship in the fifth winter Olympics today—giving the Western Hemisphere a sweep of skating titles that have been the exclusive property of Europe.

By TED SMITH
St. Moritz, Switzerland, Feb. 6 (AP)—America's spectacular comeback in the fifth winter Olympics received fresh impetus today when her daring four-man bobsledders put in strong title bids in preliminary heats.

Before a water main burst, flooding the track and cancelling the day's activities on the treacherous ice chutes, the United States' sled piloted by Francis Tyler of Lake Placid, N. Y., made two of the fastest runs of the competition.

Tyler's team streaked down the 1,610-meter (one mile, 35 feet) channel in one minute, 17.1 seconds on the first run and 1:17.4 on the second.

To Finish Saturday
The famous time was bettered only by the Switzerland bob piloted by the famous Fritz Peterabend, whose time was 1:16.9.

Four heats are run to decide the championship. They will be concluded tomorrow.

In the unofficial hockey tournament, the United States' team, virtually out of the running, defeated Austria, 13-2, while Switzerland moved into the lead with its sixth straight triumph.

The Swiss conquered Poland, 14 to 0, while their unbeaten rivals, Canada and Czechoslovakia, played a dogged scoreless tie. In the other round robin clash, Sweden defeated Great Britain, 4-3.

Swiss Leading

Meanwhile, the Star Spangled Banner rang out for the first time in victory over Olympic stadium today as Gretchen Fraser of Vancouver, Wash., received her gold medal for winning the women's slalom ski race.

America's other champion, 18-year-old figure skater Dick Button of Englewood, N. J., will be presented his gold award tomorrow. He captured the men's figure skating crown with the most overwhelming score ever made.

Yesterday's victories raised the United States from seventh to third in the unofficial team standings with 52 1/2 points, Switzerland had 69 and Sweden 62 through Thursday's contests.

Bullet Wounds Are Fatal To Officer

Manilla, Feb. 6 (AP)—Capt. Harold A. Gibbs, Jr., 34, of 202 Third street, New Cumberland, Pa., died yesterday of bullet wounds suffered in a holdup Jan. 25, the army announced today.

His wife, Pauline, and their two small daughters were flown by the army earlier this week to be at his side. Gibbs, an ordnance officer, was a native of Trenton, N. J.

The shooting caused the army to ask military and civilian personnel to travel in convoys of at least three vehicles.

No arrests in the Gibbs case have been made.

Persistent Mother Saves Three Kids

Philadelphia, Feb. 6 (AP)—Mrs. Josephine Johnson, 27, got her four-year-old twins, Patricia and Joanne, and her two-year-old son, John, out of their blazing home—but it took a bit of doing.

When Mrs. Johnson discovered a fire in the cellar yesterday, she shouted to the children to run to the street. After telephoning firemen, Mrs. Johnson discovered the youngsters hadn't followed her instructions.

She found all three hiding under a bed on the second floor. Mrs. Johnson got Joanne and John to the street but Patricia broke away and ran upstairs to hide under the bed again. A second trip brought the little girl to safety before flames

Walcott Exhibition Bout Is Delayed

Chicago, Feb. 6 (AP)—The scheduled four-round boxing exhibition which was to have featured Jersey Joe Walcott next Thursday in the Chicago Coliseum has been postponed indefinitely because the Illinois State Athletic Commission refused to sanction his proposed opponent.

The commission yesterday turned down Lonnie Clark of Philadelphia, and Promoter Harry Mendel left for Camden, N. J., to confer with Walcott about meeting a "name" fighter.

The heavyweight title contender was to have appeared in the same ring in which Heavyweight Champion Joe Louis whipped Bob Foxworth, East St. Louis, Ill., last week in a no-decision exhibition which drew \$36,000.

Locke Favored In \$10,000 Texas Open

San Antonio, Texas, Feb. 6 (AP)—Golf's money men slashed at Brackenridge Park's soggy three miles today in the opening round of the \$10,000 Texas Open. Not even rain and cold gave par a breathing spell.

Bobby Locke and his mighty putter got the favorite's call, but the field was bulky and brilliant and the short course enhanced the chances of the lesser lights in the 72-hole scramble.

Locke was among the almost two score players who cracked par 71 figures yesterday in a mass assault by a bulging field in the annual pro-amateur. The methodical man from South Africa clipped in with a 69.

Eighteen holes today and a like number tomorrow will cut the field to 60 low scorers and ties for the final 36 Sunday.

700 Million Fish Released In 1947

Harrisburg, Feb. 6 (AP)—Nearly 700 million fish were released in Pennsylvania streams during 1947, the state Fish Commission reported.

C. A. French, state fish commissioner, said it was "the greatest year in history" for fish stocking. The fish were produced in state hatcheries.

"Most states speak only in numbers of fish and never mention pounds," French stated, "but last year we stocked 2,075,522 legal trout ranging in size from seven inches to as long as 20 inches and weighing more than 305 tons."

Other fish stocked included 271,000 catfish, 2,954,590 fingerling trout, 620,000 black bass from one to 12 inches long, 108,000 carp, 269,000 bream, 193,000 yellow perch, and 2,200 pike perch.

The Mackenzie River is 2,325 feet long.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, Feb. 6 (AP)—Although Mr. and Mrs. Edward Moore's Relic, winner of two good races in Florida so far this season, looks like one of the year's outstanding three-year-old race horses, Samuel D. Riddle won't concede that the colt it tops.

Riddle, owner of Relic's sire, War Relic, insists that his own colt, Faraway, is the best of War Relic's first crop of offspring. . . . Ted Atkinson, who rode Relic to an easy triumph in the Bahamas handicap Wednesday, has a simple explanation of success at Hialeah: "Fast horses and a hard-working agent."

Jack Sharkey, former heavyweight champ, and Ted Williams, the heavyweight hitter, have become buddies because of their common interest in fishing. . . . Sharkey, incidentally, is boosting middleweight Pete Mead as a corner "who has everything."

HARD WORDS

Ray Dumont, president and gag man of the National Baseball Congress, cooked up a stunt for his speech at the sporting goods dealers convention here the other day by planting a small army of stooges in the audience. . . . Every few minutes a fake wire would arrive ordering large numbers of the Congress year book or a guy would gallop up to get Ray's autograph. . . . Finally one of the stooges presented Dumont a huge trophy saying: "This is presented for your great promotional ability. Softball has really benefitted." . . . All Ray needed was his patented home plate duster to blow him right out of the joint.

ONE-MINUTE SPORTS PAGE

Busiest guy doing nothing around town the past few days has been Pacific Coast League Prexy Pants Rowland. Besides conferring with various major league bigwigs, Pants was seen in a huddle with publicist Buck O'Neill, former president of the baseball writers association. Could that mean the coast league is starting a publicity campaign to back its bid for major status? . . . The Cleveland Browns musical majorettes are currently playing the pro basketball circuit in the Midwest. . . . Former heavyweight ad Warren, one of Gene Tunney's sparring partners at speculator back in 1928, is campaigning for more pay for school teachers. . . . Warren, now a teacher and coach of all sports at a rural school in North Carolina, figures he and his colleagues have enough to do without dodging bill collectors. . . . But at least, they seldom get their teeth bashed in—if they're smart enough to pass all the big boys.

DEVALERA RULE WILL CONTINUE WITH COALITION

By ROBERT HEWITT
Dulles, Feb. 6 (AP)—Thomas L. Mullins, secretary of the Flanna Fail (government party) said today Prime Minister Eamon De Valera lost his Dail (Parliament) majority by a slim margin in Wednesday's general election.

But Mullins said the prime minister would be able to form a new government with the support of Labor and Independents.

Complete returns from three quarters of Eire's 40 constituencies showed De Valera's Flanna Fail could not hope to obtain the 74 seats needed for a clear majority in the 147-member Dail.

Didn't Want Coalition

However, William Burke, general secretary of the Fine Gael party, De Valera's chief opposition, conceded the prime minister had a "fairly good chance" of extending his unbroken 16 years of rule with the support of the minority groups.

The latest official returns issued by the government information bureau gave the Flanna Fail 53 of the 106 seats thus far determined. The Flanna Fail led the old Dail, dissolved last fall, with 77 of the 138 seats.

During the campaign De Valera said he wanted no part of a coalition government.

To Stick To Policies

"Mr. De Valera still has not thought of a coalition," Mullins said, "he will pursue his long standing independent Flanna Fail policy and I am confident the Independent National Labor members will voluntarily support him in the interests of a strong, stable government."

Sean MacBride's year-old Clann Na Poblacht (Republican party) slipped into fifth place from a tie for fourth on the basis of the new returns. This party forced the general election by taking two by-elections last fall. MacBride had predicted it would win 40 seats. Today it was sure of six.

Gen. Richard Mulcahy's Fine Gael (United Ireland party), main opposition, was second with 21 seats. The normally small labor party stood third with 11.

College Graduate Accepts New Post

Attleboro, Mass., Feb. 6.—Walter C. Richter has been appointed public and employee relations director for Swank, Inc., manufacturers of men's jewelry, leather goods and accessories, it was announced here today by J. Carlton Bagnall, executive vice-president.

Richter, who will assume his duties March 1, is personnel director of Landis Tool company, Waynesboro, where he has been in charge of the company's industrial community relations for the past five years.

A graduate of Gettysburg college, Richter spent twelve years in public education field as teacher, athletic coach and superintendent of schools. Winter Snows Are "Boon" To Grain

Harrisburg, Feb. 6 (AP)—The winter snows in Pennsylvania are "a great boon" to grain crops now in the ground, says the state Agriculture department.

"Without the snow covering, the below-zero temperatures that have prevailed recently would have destroyed much winter wheat throughout the state," declared Miles Horst, agriculture secretary.

However, if the snow keeps the plants from receiving direct air and sunshine for too long a period, it may cause some damage Horst added. A quick thaw, followed by sub-zero weather, could also cause a great loss, he said.

Horst said farmers planted 604,000 acres in wheat last fall, an increase of five per cent over the previous year.

California is first among the states in irrigated areas with 34 per cent of the national total.

DARDANELLES NATIONS MOVE TO STOP REDS

By HEWITT-MACKENZIE

(AP Foreign Press Agency)
It would be more than passing strange if pure coincidence accounted for the way Greece, Turkey and Iran (Persia) are sticking out their chests simultaneously to Russia, with apparent encouragement from the U.S.A.

These are three areas which Russia seeks to dominate in order to make herself a Mediterranean power and give her control of the Middle East—a matter of moment to both Britain and America. Moscow's ambition is a treasure chest which could best be opened with this trio of keys.

First the Soviet Union wants control of the Dardanelles Strait (now under Turkey) to give her access to the Mediterranean from the landlocked Black Sea. From the military standpoint the Dardanelles is one of the most important strategic waterways in the world.

Greece On Flank

Greece fits into the picture mainly because she guards the flank of the Dardanelles, although there also are political considerations. Iran, which adjoins Russia, not only is possessed of rich oil fields but gives access to the Persian Gulf and is a mighty buttress on the Oriental side of the Middle East.

What has happened in the past couple of days, is this:

Turkish Foreign Minister Necmeddin Sadak has declared that his country intends to stand firm against all Russian demands. He also has spoken of Turkey's "ever increasing friendly relations with England and the feeling of gratitude in Turkey for the American aid program." At the same time it became known that Turkey had recalled her ambassador from Moscow in retaliation for Russia's withdrawal of the Soviet envoy to Turkey, though this action doesn't mean a break of diplomatic relations.

Over in Greece it was reliably stated that Greek airfields were being strengthened with anti-aircraft guns and searchlights, and America was said to have delivered a number of reconnaissance planes to bolster the Greek air force. This, of course, is to aid Greece in her fight against Communist-led guerrillas seeking to establish a Soviet Greek state in the north, close to Bulgaria, Yugoslavia and Albania—which the Athens government charges are aiding the Red rebellion.

No "Rough Stuff"

In Tehran Premier Ibrahim Hakimi Al Molk has rejected a Soviet protest about American activities in Iran as "absolutely baseless and void of truth." The Russians had charged that the actions of a U. S. military mission in Iran constituted a threat to the Soviet border—a charge which U. S. Ambassador George V. Allen characterized as "an improper interference in the internal affairs of Iran." Furthermore, the Tehran government has accused Russia of giving refuge to Iranian rebels.

In short, it's clear that these three countries still are determined not to let Russia "get away" with what they regard as "rough stuff." And of course all this is tremendously important when we consider that control of the Mediterranean is involved.

BRIDE SLAIN AT YORK THURSDAY

York, Pa., Feb. 6 (AP)—A 19-year-old bride of two months was shot and killed here late yesterday. Her young husband attempted suicide in jail shortly afterwards, Coroner Lester J. Sell reported.

Assistant District Attorney Jesse L. Crabbe said Mrs. Ivory Dugan, who came here from Chatham, Va., just three months ago, was fatally shot in the chest with a bullet from a .22 calibre rifle.

He added Henry Dugan, 22, was arrested shortly after the shooting at the home of the unemployed veteran's sister, Mrs. Margaret Altland, whom the York couple was visiting.

Coroner Lester Sell reported Dugan attempted to hang himself in jail with a rope made of torn strips of a shirt. Prison attaches prevented the act and maintained a heavy guard.

Police attempted to question the husband last night. Crabbe said, however, "the boy was too broken up to say anything."

Further questioning was planned later to determine what Crabbe termed "the gravity of the incident."

EX-NAZI HANGS SELF IN PRISON

Paris, Feb. 6 (AP)—A war ministry spokesman announced today that Gen. Otto Von Stuelpnagel, wartime commander of German troops in occupied France, hanged himself this morning in Cherche-Midi prison.

Stuelpnagel, a 69-year-old bachelor, was under indictment on charges of "crimes against international law," including the execution of hostages. A spokesman for the Army court which was to try him said he would have gone on trial early this summer. Brig. Gen. Jean Le Gorguillier, who had been preparing the case against Stuelpnagel, said he was to have questioned the German general this afternoon.

Stuelpnagel's cousin Heinrich, who replaced him here in 1942, was executed in Germany in 1944 for participating in the Munich bomb plot against Adolf Hitler.

His defense counsel, Marcel Herlaud, said, "I saw him a few days ago and he seemed depressed. I tried to convince him that his case was not so desperate as he thought."

Stuelpnagel was the second wartime German army officer to take his own life in two days while facing war-crimes charges. Gen. Johannes Blaskowitz jumped to his death yesterday from a prison catwalk in Nuremberg, Germany. He was about to go on trial before an American court.

Today's Talk

By GEORGE MATTHEW ADAMS

THE HIGH PLACES OF THOUGHT

We know so little of the human mind, but this we do know, that the higher we soar in our thinking and aspirations, the healthier and happier we become. And to make this a habit of our lives is to tread upon solid and substantial ground.

Swinburne said of William Blake: "This man had never lived in the low places of thought." He looked upon the arts, poetry, painting, and music, as one with Christianity, designating them as "three powers in man of conversing with Paradise."

All great poetry is inspirational, as are great art and music. Something of the soul is endowed in each. Each is a stimulant to the high places of thought. No lover of any, or all, can possibly stay for long in the "low places of thought." Unconsciously will one be uplifted, continually, to new heights of thought.

High hopes are the result of high thinking. I am a believer in endowments for poets, artists, and musicians by the government, for it is an investment for a nation to keep such artists unworried while uplifting the thought of its peoples. The Lord would bless such a nation — richly!

It's mean thoughts that lower and degrade a nation, in the same manner as with individuals. The higher the thought of a human being, the greater becomes his aspiration, and therefore his happiness and usefulness.

Said W. MacNelle Dixon: "All finite things have their roots in the infinite and if you wish to understand life at all, you cannot tear out its context. And that context, astounding even to bodily eyes, is the heaven of stars and the incredible procession of the great galaxies."

There is a beauty and aloofness to all great art. It is the manna from heaven that is furnished to all who aspire above the sordid and material. How we revere our great masters, whose works grow in lustre with the years. Never will they die! There they remain, like the stars in the heavens — notes of the eternal.

Tomorrow Mr. Adams will talk on the subject: "That Bridge."

Sunday School Lesson

WHAT WE KNOW ABOUT JESUS: HIS NATURE
By Rev. Howard R. Gold, D.D., Margaret C. Gold

John 6:35-40; Colossians 1:9-20
Memory selection: Thou art Christ, the Son of the living God. Matthew 16:16.

In Martin Luther's explanation of the second article of the Apostles' Creed he begins: "I believe that Jesus Christ is true God and true man." This lesson is a study of Jesus' human character and personality as well as His divine nature. Christ's life was a perfect blending of the human and the divine. In the first selected text from John we have Jesus' own interpretation of Himself and His mission; in the second, Paul's testimony concerning Christ's relation to God, His relation to the universe and His relation to the Church, as found in Colossians. In answer to the great question, "What is Christ to you?" each man can speak from his heart, as did Peter, "Thou art Christ, the Son of the living God."

Spiritual Bread
Jesus declared, "I am the bread of life." This was after the feeding of the multitude on the eastern shore of the Sea of Galilee when the people's enthusiasm ran highest. Jesus realized they were more concerned about the daily bread and temporal blessings Christ's divine power could provide than their spiritual nourishment. Christ wanted to emphasize to His disciples to whom He addressed these words that He came to nourish men's souls—to provide spiritual food and life everlasting.

But this spiritual strength that Christ promises must become a part of man's nature; it must be assimilated by the human soul. This mysterious entry of the spirit of Christ into the human heart and soul was felt by the Apostle Paul when he said: "I live, yet not I, but Christ liveth in me." Jesus concludes this particular address by saying, "For this is the will of my Father, that everyone that beholdeth the Son, and believeth on Him, should have eternal life." He knew in His heart that even the disciples had little understanding of His true nature.

Claims of Jesus
During His ministry Jesus made wonderful claims and they were all true. Just as He said, "I am the bread of life." He also called Himself the Light of the World, the Good Shepherd, the Comforter, the Vine, the Way, the Truth, and the Life and so on. He claimed to be one with the Father, the Son of God, the Messiah, the One who atones for the sins of the world. "No one cometh to the Father, but by me." This is the wonderful fact of Christianity—that God revealed Himself through Christ Jesus. All other religions are the product of man, just philosophies that teach good ways of living.

True Man
The strength of Jesus' personality added power to the things He said and did. He drew all kinds of people to Him. He was the most perfect man who ever lived and, because of His relations to God, was without sin. But even though sinless, He let himself be despised, reviled, and died a shameful death on the cross in order to save all those who are sinners. Being of perfect character and subservient to God's will. He committed

no sin and needed no pardon.

Preceminence of Christ

Paul's testimony about Christ is expressed in the second text from Colossians. Epaphras, one of Paul's converts who had established the Church at Colossae, brought a report to Paul while he was imprisoned at Rome. This led Paul to write a letter in which he prayed that they would have a true knowledge of Christ, be worthy followers, and not be led into any errors about the true nature of Christ and His relation to the Church. Here Paul states that Christ "who is the image of the invisible God" is the center of creation and head of the church. He attempts to explain that the way of salvation through Christ is a glorious experience.

Divinity of Christ

The divine nature of Christ has been formally expressed in the phrases of the Nicene Creed. Many of the teachings regarding the nature of Christ have caused great theological debates. The three great creeds of Christendom—the Apostles' Creed, the Nicene Creed and the Athanasian Creed—are the result of these theological controversies.

The Nicene Creed was formulated several years after the first meeting of church leaders held in the city of Nicea near Constantinople in 325 A.D. The Emperor Constantine called the meeting which is known as the Nicene Council. There are many references to the divinity of Jesus in the Nicene Creed, but for the average layman the words of the Silesian folk song "Blessed Savior" express his understanding of the nature of Jesus:

"Beautiful Savior, King of Creation, Son of God and son of man."

Questions on the S. S. Lesson

I. With what is this lesson par-

- ticularly concerned?
2. In what way does Jesus provide spiritual bread?
 3. When was the text from John spoken?
 4. In what respect did Jesus differ from other human beings?
 5. What does the passage from Colossians contain?
 6. Who founded the Church at Colossae?
 7. Where do we find well defined references to the divinity of Christ?

Answers

1. Christ's human character and divine nature.
2. He nourishes men's souls.
3. After the feeding of the multitude.
4. He was without sin.
5. A prayer and an admonition from Paul.
6. Apaphras, a convert of Paul.
7. In the Nicene Creed.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times
FIFTEEN YEARS AGO

New Store Manager: L. L. Deatrick, of Princess Anne, Maryland, has been appointed manager of the Coffman-Fisher company store, succeeding R. B. Sands. Mr. Deatrick plans to move his family to Gettysburg within a few days.

McConaughie Is New Head Of National Park: Washington, Feb. 4 (AP)—The appointment of James R. McConaughie, of Camp Hill, Pa., as superintendent of the national military park at Gettysburg was announced today by the War Department.

McConaughie stood third among the three candidates certified after a civil service examination, as eligible for appointment. His qualifications were found, after investigation of the three eligibles, to be such as to cause his selection. He never has been in the government service before. The position pays \$3,600 a year.

Married Saturday: John Hartzel, Biglerville, and Miss Paula Carbaugh, Cashtown, were united in marriage Saturday afternoon at 3 o'clock at the parsonage of Grace Lutheran church, Westminster. The ceremony was performed by the Rev. J. Hess Belt.

Woman Weds Couple Here: A young woman officiated Tuesday morning for a couple at the court house, the first time in the history of Adams county that a woman has ever performed a wedding ceremony.

When Miss Susan C. Lawver, daughter of Mr. and Mrs. William Lawver, of East Berlin, and Charles Harman, son of Mr. and Mrs. John Harman, also of East Berlin, applied for a license in the office of Clayton F. Palmer, clerk of the courts, Mrs. Elmer W. Warren, deputy clerk of the courts, issued a license.

The couple then expressed a desire to be married immediately, and Mrs. Warren told them she could perform the ceremony.

Mrs. Warren then produced the ritual book and the nuptial knot was tied.

Clayton B. Yohe, deputy pothonoratary, witnessed the ceremony.

Couple Weds On Wednesday: Miss Minnie Irene Tressler, of Fountain Dale, daughter of Mr. and Mrs. Andrew Tressler, and Maurice S. Sloops, son of Mr. and Mrs. D. R. Sloops, Iron Springs, were married on Wednesday at Trinity Lutheran church, Chambersburg, by the Rev. Clarence A. Neal. They were attended by Mr. and Mrs. Andrew Sanders, of Fountain Dale.

The bridegroom has been employed as meter man by the Associated Gas and Electric company here for five and a half years.

40 Persons Attend Auxiliary Banquet: The annual banquet of the Sons of Union Veterans auxiliary was held at the United Brethren church Tuesday evening with 40 members present. After the banquet, a program was given.

Church Women Met Wednesday: The February meeting of the women's missionary society of Christ Lutheran church was held Wednesday, beginning with a session at 11 o'clock in the morning and continuing through the afternoon. A box luncheon was served at noon and the society reconvened at 1:15 o'clock for the afternoon program.

Hitler Asks 4-Year Reign: Berlin, Feb. 4 (AP)—Chancellor Adolf Hitler, who took over the reins of government four days ago, Thursday renewed his plea for four years of power, challenging his countrymen to "crucify me or do anything else to me." If his policies have not succeeded in that time.

APPLES—Market dull. Bushel has, and eastern crs. U. S. 1's (unless otherwise stated) Pa., Va., W. Va., few sales. Delicious, 2 1/2-in. up, \$2.25-2.50; in. up, \$2.50-3; few low as \$2.25. Jonathan, 2 1/2-in. up, \$1.60-1.75; 2 1/2-in. up, \$2.00-2.25; 2-in. up, \$2.75-3.25; few fine quality higher. Yorks, 2 1/2-in. up, \$2.25-2.50; few best, \$2.75; variety, all districts, ordinary to fair quality and condition, mostly no grade or size marks, \$1-2.25.

POULTRY—Market fair. Fryers, weak few. Receipts liberal. Demand good. Fryers, very light fowl. Some fowl carried. Wholesale selling prices per pound in Baltimore:

ROASTERS (including pullets)—Five pounds and up, 36-38c, few best 40c. Buyers offering 35c. FRYERS—32-41c, few 42c. FOWL—Colored, 32-34c, few best 35c.; lightweights (Leghorns), mostly around 25c.

Baltimore Livestock CATTLE—Yesterday's heavy snow on top of other recent bad weather resulted in a curtailed supply of all classes of cattle today. The run consisted mainly of cows with the equivalent of about 10 loads of steers included. Demand again centered on cows for the most part and this class met a fairly broad demand from both local and outside interests. Steers cleared slowly.

Slaughter steers on offer consisted mainly of low to average-good grades with a few high-good kinds included. Although buyers worked slowly a good clearance was effected at generally steady prices compared with earlier in the week. The few lots of high-good offerings on hand, 1,100-1,200 pounds, \$27.85-29.10. Bulk of the low to average-good, \$25-26.60 and a few medium, \$21.25-22.25.

Only odd lots of heifers were on sale. These consisted largely of medium and good, \$20-26 in most instances, steady with earlier in the week. A few odd head of cutter and common, \$14.25-19. Cows met a fairly active market at fully steady prices compared with yesterday's advance or strong to 50c. higher, than the first part of the week. Most of the strength was displayed on canner, cutter, common and medium offerings. Good, heavy, 1,200-1,400 pounds, \$18-21, and canners and cutters, \$15-18. Only scattered sales, \$14.60 down.

Bulls in relatively light supply but ruled fairly steady. Odd head good beef bulls, \$25 as most of the medium and good sausage offerings changed hands at \$19-22.60. There were not enough stocker or feeder cattle on the market to permit an accurate test of prices. All classes remained nominally unchanged.

CALVES—Demand for choice calves of all weights was larger than the available supply as most of today's run, like previous marketings, this week, consisted largely of common to low-good grades. Prices mostly steady, was advanced slightly. Choice, 100-250-pound weaners, \$27-32 but a few choice, \$33 top; common and medium, \$14-24; culls, \$13.50 down. Good and choice, weighty slaughter calves, \$20-28; choice, weighty slaughter calves, \$20-28; bulk \$25 down.

CRIPPLED MOTHER DIES

Eddington, Pa., Feb. 6 (AP)—Mrs. Estella Breen, 27-year old paralyzed woman who gave birth to a normal, healthy daughter five months ago died yesterday of a lung congestion. The woman was stricken with infantile paralysis two and a half years ago. The disease left her with paralysis of all limbs and necessitated her confinement in an iron lung for six months.

SEEK FORGER

Denver, Feb. 6 (AP)—Denver police today sought a former Philadelphia forger for questioning in a \$5,100 check forgery. Ray Humphries, chief investigator for the district attorney, identified him as Jerome Foster, 25, who once tried to blind himself to prevent one from carrying out any more forgeries.

GANDHI HAD NO WILL, PROPERTY

New Delhi, Feb. 6 (AP)—Devadas Gandhi said today his father, Mohandas K. Gandhi, possessed no property and left no will.

He said his father, assassinated a week ago today, desired that any properties which might nominally be considered his should go to his charity and uplift projects. This, Devadas said, will be done.

Gandhi, one of the Hindus' most powerful spiritual leaders, earned and received contributions amounting to vast sums, but gave it all away and lived the life of a poor man.

Home Minister Sardar V. Patel told Parliament today Gandhi rejected his entreaties to have persons attending his prayer meetings searched.

"My life is in the hands of God and if I have to die, no precautions can save me," Patel quoted Gandhi as saying upon vetoing his appeal.

"I will not agree to anyone being restricted from coming to the prayer meeting or for anyone to come between me and my audience."

Gandhi was shot to death a week ago while walking to a prayer meeting. "Every caution had been taken to save Mahatma Gandhi except a search of those coming to prayers," Patel said.

Today's Talk

By GEORGE MATTHEW ADAMS

THE HIGH PLACES OF THOUGHT

We know so little of the human mind, but this we do know, that the higher we rise in our thinking and aspirations, the healthier and happier we become. And to make this a habit of our lives is to tread upon solid and substantial ground.

Swinburne said of William Blake: "This man had never lived in the low places of thought." He looked upon the arts, poetry, painting, and music as one with Christianity, designating them as "three powers in man of conversing with Paradise."

All great poetry is inspirational, as are great art and music. Something of the soul is endowed in each. Each is a stimulant to the high places of thought. No lover of any, or all, can possibly stay for long in "the low places of thought." Unconsciously, will one be uplifted, continually, to new heights of thought.

High hopes are the result of high thinking. I am a believer in endowments for poets, artists, and musicians by the government, for it is an investment for a nation to keep such artists unworried while uplifting the thought of its peoples. The Lord would bless such a nation — richly!

It's mean thoughts that lower and degrade a nation, in the same manner as with individuals. The higher the thought of a human being, the greater becomes his aspiration, and therefore his happiness and usefulness.

Said W. MacNeille Dixon: "All finite things have their roots in the infinite and if you wish to understand life at all, you cannot tear out its context. And that context, astounding even to bodily eyes, is the heaven of stars and the incredible procession of the great galaxies."

There is a beauty and aloofness to all great art. It is the manna from heaven that is furnished to all who aspire above the sordid and material. How we revere our great masters, whose works grow in lustre with the years. Never will they die. There they remain, like the stars in the heavens — notes of the eternal.

Tomorrow Mr. Adams will talk on the subject: "That Bridge."

Sunday School Lesson

WHAT WE KNOW ABOUT JESUS: HIS NATURE
By Rev. Howard R. Gold, D.D.
Margaret C. Gold

John 6:36-40; Colossians 1:9-20
Memory selection: Thou art Christ, the Son of the living God.
Matthew 16:16.

In Martin Luther's explanation of the second article of the Apostles' Creed he begins: "I believe that Jesus Christ is true God and true man." This lesson is a study of Jesus' human character and personality as well as His divine nature. Christ's life was a perfect blending of the human and the divine. In the first selected text from John we have Jesus' own interpretation of Himself and His mission; in the second, Paul's testimony concerning Christ's relation to God, His relation to the universe and His relation to the Church, as found in Colossians. In answer to the great question, "What is Christ to you?" each man can speak from his heart, as did Peter, "Thou art Christ, the Son of the living God."

Spiritual Bread
Jesus declared, "I am the bread of life." This was after the feeding of the multitude on the eastern shore of the Sea of Galilee when the people's enthusiasm ran highest. Jesus realized they were more concerned about the daily bread and temporal blessings Christ's divine power could provide than for their spiritual nourishment. Christ wanted to emphasize to His disciples to whom He addresses these words that He came to nourish men's souls—to provide spiritual food and life everlasting.

But this spiritual strength that Christ promises must become a part of man's nature; it must be assimilated by the human soul. This mysterious entry of the spirit of Christ into the human heart and soul was felt by the Apostle Paul when he said: "I live, yet not I, but Christ liveth in me." Jesus concludes this particular address by saying, "For this is the will of my Father, that everyone that believeth on Him, should have eternal life." He knew in His heart that even the disciples had little understanding of His true nature.

Claims of Jesus
During his ministry Jesus made wonderful claims and they were all true. Just as He said, "I am the bread of life." He also called Himself the Light of the World, the Good Shepherd, the Comforter, the Vine, the Way, the Truth, and the Life and so on. He claimed to be one with the Father, the Son of God, the Messiah, the One who atones for the sins of the world. "No one cometh to the Father, but by me." This is the wonderful fact of Christianity—that God revealed himself through Christ Jesus. All other religions are the product of man, just philosophies that teach good ways of living.

True Man
The strength of Jesus' personality added power to the things He said and did. He drew all kinds of people to Him. He was the most perfect man who ever lived and, because of his relations to God, was without sin. But even though sinless, He let himself be despised, reviled, and died a shameful death on the cross in order to save all those who are sinners. Being of perfect character and subservient to God's will, He committed

no sin and needed no pardon.
Preeminence of Christ
Paul's testimony about Christ is expressed in the second text from Colossians. Epaphras, one of Paul's converts who had established the Church at Colossae, brought a report to Paul while he was imprisoned at Rome. This led Paul to write a letter in which he prayed that they would have a true knowledge of Christ, be worthy followers, and not be led into any errors about the true nature of Christ and his relation to the Church. Here Paul states that Christ "who is the image of the invisible God" is the center of creation and head of the church. He attempts to explain that the way of salvation through Christ is a glorious experience.

Divinity of Christ
The divine nature of Christ has been formally expressed in the phrases of the Nicene Creed. Many of the teachings regarding the nature of Christ have caused great theological debates. The three great creeds of Christendom—the Apostles' Creed, the Nicene Creed and the Athanasian Creed—are the result of these theological controversies.

The Nicene Creed was formulated several years after the first meeting of church leaders held in the city of Nicea near Constantinople in 325 A.D. The Emperor Constantine called the meeting which is known as the Nicene Council. There are many references to the divinity of Jesus in the Nicene Creed, but for the average layman the words of the Silesian folk song "Blessed Savior" express his understanding of the nature of Jesus:

"Beautiful Savior, King of Creation,
Son of God and son of man."

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTEEN YEARS AGO

New Store Manager: L. L. Deatrick, of Princess Anne, Maryland, has been appointed manager of the Coffman-Fisher company store, succeeding R. B. Sands. Mr. Deatrick plans to move his family to Gettysburg within a few days.

McCounaughle Is New Head Of National Park: Washington, Feb. 4 (AP)—The appointment of James R. McCounaughle, of Camp Hill, Pa., as superintendent of the national military park at Gettysburg was announced today by the War Department.

McCounaughle stood third among the three candidates certified after a civil service examination, as eligible for appointment. His qualifications were found, after investigation of the three eligibles, to be such as to cause his selection. He never has been in the government service before. The position pays \$3,600 a year.

Married Saturday: John Hartzel, Biglerville, and Miss Faith Carbaugh, Cashtown, were united in marriage Saturday afternoon at 3 o'clock at the parsonage of Grace Lutheran church, Westminster. The ceremony was performed by the Rev. J. Hess Bell.

Woman Weds Couple Here: A young woman officiated Tuesday morning for a couple at the court house, the first time in the history of Adams county that a woman has ever performed a wedding ceremony.

When Miss Susan C. Lawver, daughter of Mr. and Mrs. William Lawver, of East Berlin, and Charles Harman, son of Mr. and Mrs. John Harman, also of East Berlin, applied for a license in the office of Clayton F. Palmer, clerk of the courts, Mrs. Elmer W. Warren, deputy

ing that "you use less grain that way, because you get better silage."
Cut Hay Early
Hay should be cut as early as possible "because the earlier you cut it

the higher is its protein value," Dickey added. "At present we take the hay off four acres in order to get what we had on three acres because of food value loss in handling. Don't let hay lay too long in the field. We should rake in the afternoon what we cut in the morning. The next morning we should turn it over to get the bottom off the

ground and that afternoon it could be put in the barn.
"We have to get the moisture content down to about 25 per cent before the hay is safe, and we do most of the damage and get most of the loss in getting out the last 10 per cent of the moisture. If we put it in the barn with about 35 per cent moisture content and then finish it in the barn by blowing air through the hay we would save much of the value that we ordinarily lose."

Issues Warning

He urged farmers not to use materials on the market guaranteed to prevent mold and cure the hay in the mow. "The danger there is that the farmer will put the hay in while it is still too tough to be placed in the barn, and hay that is too tough will cause a fire. The material does not do the job it is supposed to do, in fact, it is of no value whatsoever."

ever, but the big danger is that the farmer will be fooled into putting his hay in the barn too soon, trusting to the material to take care of it there.
Chemicals that are selective in their action which may be fatal to some plants and have little effect on others, can be used to eradicate some weeds, Dickey said. 2, 4-D is useful against wild mustard, wild radish, ragweed, thistles, nettles and the like, but makes no impression on quackgrass, pigeon grass, crabgrass, horse nettle and weeds of that type. Since oats, wheat, barley, millet, bluegrass, timothy and other forage grasses are resistant to the chemical it can be sprayed on susceptible weeds in the same fields as the resistant crops.

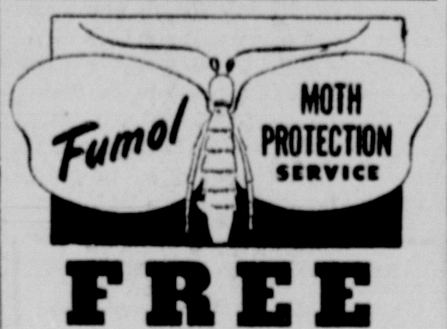

Such things as Canada thistle and poison ivy are intermediate in their reaction and may take several applications before a satisfactory kill can be secured, he said. Extreme care must be used with 2, 4-D, Dickey said, to prevent drift of the spray to plants, trees or shrubs which may be seriously injured or killed by contact with very minute amounts of the spray. The material comes in several forms, he added, with the ester forms stronger than the salt forms. However the salt forms are safer when used on the ground near trees because the ester form will volatilize while the salts do not.

Sodium chlorate has been used extensively and successfully to kill weeds using ten to 15 pounds per 1,000 square feet as a dry salt. It will kill nearly all weeds and prevent practically all growth until washed out by about six months

normal rainfall but its cost makes it economical only on relatively small patches of pernicious perennial weeds. The use of sodium chlorate as a spray involves serious fire hazard, Dickey said, and is not recommended since material such as clothing and vegetation wet with it and then dried may take fire from friction or even the heat of the sun and burn fiercely. The best method is to broadcast the salt form by hand.

Senator Charges Truman Plans FBI "Gestapo" To Fight Segregation In South

FILIBUSTER IS IN PROSPECT ON FEPC MEASURE

Washington, Feb. 6 (P)—The bitter Democratic feud over civil rights hit a new pitch today. Senator Russell (D-Ga.) contended that President Truman is planning an FBI "Gestapo" to break down race segregation in the south.

Russell told a reporter the south's revolt against the President's call for new measures to knock down racial barriers "is more serious than any I have seen in my lifetime."

This is true, the Georgian said, because southern Democrats have interpreted the President's demand for an end to Jim Crow laws on trains and buses as the opening wedge in a fight to halt all race segregation.

"An FBI Gestapo"

That could mean, he said, negroes and whites would attend the same schools, swim in the same pools, eat together and, eventually, intermarry.

"The President has made the flat declaration that he considers segregation to be discrimination and a violation of civil rights," Russell declared. "He wants to set up a commission and hire a lot of lawyers to fight segregation wherever it exists."

"He has ordered the Federal Bureau of Investigation to work with the Department of Justice Civil Rights division and says it is giving specializing training to its agents. This is nothing more or less than an FBI Gestapo to break down race segregation in the south."

Russell's charge highlighted these other developments:

1. Chairman Taft (R-Ohio) called the Senate Republican Policy Committee together to pick a spot on the legislative schedule for an expected battle with filibustering southerners over one or more civil rights measures.

2. Senator Ball (R-Minn.) predicted that Congress will pass no anti-job discrimination bill with enforcement provisions. Ball voted "no" when the Senate Labor committee approved such a measure yesterday, seven to five.

3. Reports spread that Gov. Fielding L. Wright of Mississippi would move at a Tallahassee, Fla., meeting of southern governors today to have them issue a call for an "independent" Democratic convention to split away from Mr. Truman.

4. A Democratic official said the

JUVENILE COURT PLAN PROPOSED

Philadelphia, Feb. 6 (P)—A new juvenile court system to operate independently of the municipal courts in dealing with delinquency problems is urged by State Senator H. Jerome Jaspas.

Jaspas, who is a member of the committee on juvenile delinquency and child welfare, said yesterday he would recommend such a set up at a public hearing called by the committee next Wednesday in the House Caucus room at Harrisburg.

The new court system would call for the appointment of three juvenile court judges for Philadelphia, two for Allegheny county and one for each of the other counties in the Commonwealth. The appointments would be made by Gov. James H. Duff.

Senator Jaspas said these courts in addition to handling juvenile problems including employment, schooling, recreation and correction of adverse environment would also serve in an advisory capacity for all organizations dealing with juvenile problems.

The cost of the proposed judicial

Shift Money From US Bonds To Oil Stocks

Bradford, Pa., Feb. 6 (P)—The South Penn Oil Co. announced it has bought 150,000 shares of the capital stock of Gulf Oil Corp. for investment.

The firm paid \$59 a share for the stock, or a total of \$8,850,000. It was part of a recent offering of 2,269,050 shares of Gulf Oil.

Both in financial and oil circles, the transactions was looked upon as an innovation.

George J. Hanks, president, said South Penn had been considering investing some of its earned surplus in the oil industry. He said the return from the Gulf Oil stock will be greater than from U. S. government securities, in which the money previously had been invested.

Setup was estimated by Jaspas at \$2,000,000 annually which the Senator said "would be well worth the price to help the citizens of tomorrow."

U. S. expenditures for personal domestic service declined about 28 percent between 1929 and 1940.

SEE RESISTANCE TO HIGH PRICES

Washington, Feb. 6 (P)—The government reported signs today that its campaign to cut spending for scarce foods is off to a running start.

The Agriculture Department said a review of market trends since the first of the year shows widespread resistance by housewives to the high price of butter and choice meat cuts.

Demand for meat in some areas, the report said, has turned "sluggish." Consumers are showing more interest in cow and chuck beef and lamb, less in steaks and roasts from top grade steers.

In the dairy markets the demand for butter fell off more sharply than usual after the year-end holidays, the department found. It said high

prices were a factor.

Secretary Anderson said yesterday self-rationing of this kind is one way to put the brakes on inflation of food prices. "The high cost of living is so serious we cannot afford to do nothing while waiting for legislation to deal with the problem," Anderson declared.

He spoke to a score of consumer, food industry and farm representatives who will advise the government on its nationwide voluntary self-rationing program.

the railroad's right-of-way.

The Indians ride without charge on the reservation.

The railroad hauls ores and concentrates for several companies on the line and also operates a daily mail, express and passenger train.

Senator Charges Truman Plans FBI "Gestapo" To Fight Segregation In South

FILIBUSTER IS IN PROSPECT ON FEPC MEASURE

Washington, Feb. 6 (AP)—The bitter Democratic feud over civil rights hit a new pitch today. Senator Russell (D-Ga.) contended that President Truman is planning an FBI "Gestapo" to break down race segregation in the south.

Russell told a reporter the south's revolt against the President's call for new measures to knock down racial barriers "is more serious than any I have seen in my lifetime."

This is true, the Georgian said, because southern Democrats have interpreted the President's demand for an end to Jim Crow laws on trains and buses as the opening wedge in a fight to halt all race segregation.

"An FBI Gestapo" That could mean, he said, negroes and whites would attend the same schools, swim in the same pools, eat together and, eventually, intermarry.

"The President has made the flat declaration that he considers segregation to be discrimination and a violation of civil rights," Russell declared. "He wants to set up a commission and hire a lot of lawyers to fight segregation wherever it exists."

"He has ordered the Federal Bureau of Investigation to work with the Department of Justice Civil Rights division and says it is giving specializing training to its agents. This is nothing more or less than an FBI Gestapo to break down race segregation in the south."

Russell's charge highlighted these other developments:

1. Chairman Taft (R-Ohio) called the Senate Republican Policy Committee together to pick a spot on the legislative schedule for an expected battle with filibustering southerners over one or more civil rights measures.

2. Senator Ball (R-Minn.) predicted that Congress will pass no anti-job discrimination bill with enforcement provisions. Ball voted "no" when the Senate Labor Committee approved such a measure yesterday, seven to five.

3. Reports spread that Gov. Fielding L. Wright of Mississippi would move at a Tallahassee, Fla., meeting of southern governors today to have them issue a call for an "independent" Democratic convention to split away from Mr. Truman.

4. A Democratic official said the

Wilkes-Barre, Pa., Feb. 6 (AP)—"I have seven children myself and this business of putting people out on the streets is not in my line," declared Constable Ray K. Jones. So Jones, constable for five years, yesterday forwarded his resignation to Clerk of Courts Michael Yeosock. As constable, Jones had been required to enforce eviction notices.

JUVENILE COURT PLAN PROPOSED

Philadelphia, Feb. 6 (AP)—A new juvenile court system to operate independently of the municipal courts in dealing with delinquency problems is urged by State Senator H. Jerome Jaspas.

Jaspas, who is a member of the committee on juvenile delinquency and child welfare, said yesterday he would recommend such a set up at a public hearing called by the committee next Wednesday in the House Caucus room at Harrisburg.

The new court system would call for the appointment of three juvenile court judges for Philadelphia, two for Allegheny county and one for each of the other counties in the Commonwealth. The appointments would be made by Gov. James H. Duff.

Senator Jaspas said these courts in addition to handling juvenile problems including employment, schooling, recreation and correction of adverse environment would also serve in an advisory capacity for all organizations dealing with juvenile problems.

The cost of the proposed judicial

Shift Money From US Bonds To Oil Stocks

Bradford, Pa., Feb. 6 (AP)—The South Penn Oil Co. announced it has bought 150,000 shares of the capital stock of Gulf Oil Corp. for investment.

The firm paid \$59 a share for the stock, or a total of \$8,850,000. It was part of a recent offering of 2,209,050 shares of Gulf Oil.

Both in financial and oil circles, the transactions was looked upon as an innovation.

George J. Hanks, president, said South Penn had been considering investing some of its earned surplus in the oil industry. He said the return from the Gulf Oil stock will be greater than from U. S. government securities, in which the money previously had been invested.

setup was estimated by Jaspas at \$2,000,000 annually which the Senator said "would be well worth the price to help the citizens of tomorrow."

U. S. expenditures for personal domestic service declined about 28 per cent between 1929 and 1940.

SEE RESISTANCE TO HIGH PRICES

Washington, Feb. 6 (AP)—The government reported signs today that its campaign to cut spending for scarce foods is off to a running start.

The Agriculture Department said a review of market trends since the first of the year shows widespread resistance by housewives to the high price of butter and choice meat cuts.

Demand for meat in some areas, the report said, has turned "sluggish." Consumers are showing more interest in cow and chuck beef, veal and lamb, less in steaks and roasts from top grade steers.

In the dairy markets the demand for butter fell off more sharply than usual after the year-end holidays, the department found. It said high

prices were a factor.

Secretary Anderson said yesterday self-rationing of this kind is one way to put the brakes on inflation of food prices. "The high cost of living is so serious we cannot afford to do nothing while waiting for legislation to deal with the problem," Anderson declared.

He spoke to a score of consumer, food industry, and farm representatives who will advise the government on its nationwide voluntary self-rationing program.

ever, but the big danger is that the farmer will be fooled into putting his hay in the barn too soon, trusting to the material to take care of it there.

Chemicals that are selective in their action which may be fatal to some plants and have little effect on others, Dickey said. 3, 4-D is useful against wild mustard, wild radish, ragweed, thistles, nettles and the like, but makes no impression on quackgrass, pigeon grass, crabgrass, horse nettle and weeds of that type. Since oats, wheat, barley, millet, bluegrass, timothy and other forage grasses are resistant to the chemical it can be sprayed on susceptible weeds in the same fields as the resistant crops.

Such things as Canada thistle and poison ivy are intermediate in their reaction and may take several applications before a satisfactory kill can be secured, he said. Extreme care must be used with 3, 4-D, Dickey said, to prevent drift of the spray to plants, trees or shrubs which may be seriously injured or killed by contact with very minute amounts of the spray. The material comes in several forms, he added, with the ester forms stronger than the salt forms. However the salt forms are safer when used on the ground near trees because the ester form will volatilize while the salts do not.

Sodium chlorate has been used extensively and successfully to kill weeds using ten to 15 pounds per 1,000 square feet as a dry salt. It will kill nearly all weeds and prevent practically all growth until washed out by about six months

FRATERNAL ORDER OF EAGLES OF AMERICA WITH A MEMBERSHIP OF ONE MILLION MEMBERS

The 1,400 members of Gettysburg Aerie No. 1562, Fraternal Order of Eagles, will join with their more than 1,000,000 brothers throughout the nation in the observance during the first week in February of the 50th anniversary of the order's founding in Seattle on February 6, 1898.

The Eagles today is the largest organization of its character in existence. It has more than 1,500 local aeries, bound together in the bonds of fraternalism and the principles of humanitarian service.

Gettysburg aerie, which a year ago celebrated its own 40th anniversary, has not only had a part in the many accomplishments of the national organization, but its own charities and helpfulness to every appeal in Gettysburg are well known.

Nationally, the Eagles are credited with many accomplishments—mothers' pensions, workmen's compensation, old age pensions and national Social Security. As it begins its second 50 years the lodge looks forward to an extension of social security, guaranteed annual wages, health insurance and youth guidance.

This is a record of which any Eagle may be proud. It is a record, plus its own benefits to members, which should be a sufficient inducement to the enrolling of many others who are not now members.

FASHION FIRMS SHOW VARIOUS SPRING TRENDS

By FLORENCE MILLS
Paris, Feb. 6 (AP)—Three prominent French fashion houses today showed their interpretations of the figure-conscious silhouette. The silhouette was launched last season and was enlarged upon by the three

name firms in their spring showing. Lucien Lelong took the Parisian viewpoint and styled his clothes to show the silhouette is more palatable if it isn't faded with corsetry and exaggeration. Schiaparelli's taste went the other way. Skirts were eight inches from the floor, hips were upholstered and stockings were of a hue called "shocking pink." Jacques Griffe did his share of helping out the hips, but his skirt designs were ten inches from the ground. Colors tended toward shades of putty, honey, off white, grey and yellow. Schiaparelli threw all her colors

into one pot. She showed a lemon colored hat with a petunia pink gown as one sample. Navy blue seemed to be a favorite with all three. Lelong went for loose, kimono sleeves, a trend seen in other styles. Voluminous skirts with pressed and unpressed pleats were highlighted by the three, but leg-cramping pencil types were shown by Griffe. A peplum jacket was shown by the three houses. Lelong's version had a classic fitting front and a bunched-up bustle type back reminiscent of the eighties. Griffe uses a jacket with a fluted peplum as a basis for a majority of models. Materials tended toward the luxurious. Falles, taffeta, satin and a lot of organza was used for both day and evening wear. Polka dots of all sizes and on all type of material had a real field day. It looked as though the designers may have had spots before their eyes.

TAX FOR SCHOOL PURPOSES GETS DIRECTORS' OK

Harrisburg, Feb. 6 (AP)—A statewide tax with the proceeds distributed to school districts on the basis of need, is recommended by the Pennsylvania school directors' association as a means of bolstering school finances.

The tax was proposed in a resolution adopted by the association at the close of its convention here yesterday. It would be appended as an amendment to the new state law broadening the local tax base.

In other resolutions the directors asked for legislation to:

1. Create a \$10,000,000 building fund to supply financial aid to distressed school districts.

2. Increase the probationary period in the teacher tenure law to three years, instead of two years as at present.

3. Require all motor vehicles to come to a complete stop before passing school buses that are receiving or discharging children.

4. Increase state aid to school districts from the present minimum of \$700 and maximum of \$2,200 to a minimum of \$1,000 and a maximum of \$3,000 a teaching unit.

Bert L. Liles, Clark Green, Lackawanna county, was elected new president of the association, succeeding Mrs. Ruth M. Hobbs, Latrobe. Other officers named included E. W. Painter, Forest Hills, first vice president; Frank E. Snyder, Liberty, second vice president; Dr. William B. Grove, Mercersburg, third vice president, and Van Ness, executive secretary.

TELLS LIONS OF EYE OPERATION

Miss Clara Warner, Westminster, related her experiences during a recent corneal transplanting on her left eye in a talk to the Littlestown Lions club in Bankert's restaurant, Thursday evening. Miss Warner said when she was seven years old her sight began to fail.

"I was told by doctors that I had progressive keratoconus, a cone shaped deformity of the cornea of the left eye," Miss Warner said. "Dr. Lloyd of Washington recommended that I go to New York city for the purpose of an operation." She went to New York city and placed herself under the care of Dr. Raymond Castroviejo of New York who performed the operation in July 1946. The cornea was furnished by the eye bank for sight restoration of New York city. The speaker said she spent 21 days at the hospital and her eyes were bandaged for six weeks, after which the operation was found to be successful. She now has 95 per cent normal vision and perfect vision with glasses.

Later she expects to have the cornea transplanted in her right eye.

The program was in charge of the Health and Welfare committee. The next meeting will be held February 19 in charge of the publicity committee which includes Paul L. Hol-

FRATERNAL ORDER OF EAGLES OF AMERICA WITH A MEMBERSHIP OF ONE MILLION MEMBERS

The 1,400 members of Gettysburg Aerie No. 1562, Fraternal Order of Eagles, will join with their more than 1,000,000 brothers throughout the nation in the observance during the first week in February of the 50th anniversary of the order's founding in Seattle on February 6, 1898.

The Eagles today is the largest organization of its character in existence. It has more than 1,500 local aeries, bound together in the bonds of fraternalism and the principles of humanitarian service.

Gettysburg aerie, which a year ago celebrated its own 40th anniversary, has not only had a part in the many accomplishments of the national organization, but its own charities and helpfulness to every appeal in Gettysburg are well known.

Nationally, the Eagles are credited with many accomplishments—mothers' pensions, workmen's compensation, old age pensions and national Social Security. As it begins its second 50 years the lodge looks forward to an extension of social security, guaranteed annual wages, health insurance and youth guidance.

This is a record of which any Eagle may be proud. It is a record, plus its own benefits to members, which should be a sufficient inducement to the enrolling of many others who are not now members.

NCCW Council Has Display Of Books

St. Aloysius Parish Council, NCCW, has arranged a book display in observance of Catholic Press month in the show windows of John L. Redding's barber shop, South Queen street. A five-book set of Quentin Morrow Phillip's short stories will be given away in connection with the observance. Those interested in obtaining the set of books are requested to write their name on a slip and drop it in a box at the barber shop provided for it. A similar box has also been placed at the Littlestown branch of the Adams County Free Library in the VFW post home, where a display has also been arranged.

The winner will be selected on the last day of February, the end of Catholic Press month.
